YouthBuild PCS is an alternative school for young adults ages 16-24. YouthBuild PCS seeks to transform students’ lives by re-engaging them in education in a nontraditional school environment. YouthBuild PCS prepares students for postsecondary education and the workplace by offering academic, vocational, and workforce development programs in English and Spanish. YouthBuild PCS believes that service to the community is an essential part of the transformative process. Students serve their community through volunteer projects and by creating housing for low-income residents in the Washington, DC, area.

Adult Education

Mission Specific Goals: Progress on programming unique to the school’s mission

The school did not identify any mission-specific goals to be displayed on the PMF

* General Educational Development (GED) or National External Diploma Program (NEDP).
** A high level certification is an industry-recognized career and technical education (CTE) certification that includes rigorous assessments and requirements and leads to higher wages in a high-demand field. This measure is displayed only for 2016-17.
† 3.7 percent of exiting students are estimated to be out of the labor force and therefore not included in College and Career Readiness measures or response rates.
‡ Percent of students successfully contacted via Career and College Readiness Surveys by the school.
