I. School Description

A. Mission Statement: The mission of Paul Public Charter School is to educate our students and to develop in them the capacity to be responsible citizens, independent thinkers, and leaders.

Located in Northwest Washington, DC, Paul PCS serves students in the middle and high school grades and is the home of the "M.E.R.I.T. Scholars" (Motivated, Educated, Responsible, Independent Thinkers). Beginning in the middle grades, MERIT Scholars experience a rigorous, college preparatory curriculum, coupled with arts and athletic opportunities to develop a firm foundation to eventually enter Paul International High School.

To achieve our mission at Paul Public Charter School, we strive to accomplish the following goals:

- Offer a rigorous academic curriculum
- Encourage an appreciation of the Arts and participation in Athletics through curricular integration and an enriching Extended Day program
- Raise an awareness for community and global issues
- Encourage a cooperative and collaborative work ethic
- Foster a desire for life-long learning, engagement and positive leadership
- Ensure that our scholars graduate from high school and college and are globally competent

The philosophy of Paul PCS embodies the belief that *all children can learn* and benefit from our "Triple A Program," offering high-quality **Academics**, **Arts**, and **Athletics** delivered within the context of a nurturing and structured school environment. The middle and high school years are among the most crucial in a child's development, because it is then that the student generally chooses the directions, both academically and socially, that will influence the balance of his or her life. We provide each student with the wide-ranging opportunities and challenging experiences intended to expand each scholar's world, a vast offering of academic and extra-curricular activities designed to increase each scholar's knowledge, and leadership opportunities which will equip our scholars to take an active role in a global society.

Our core values reflect the beliefs of the Paul PCS community, which set the tone for a positive school culture. Our core values and beliefs are:

- ♣ Diversity: Recognizing that each student must be provided with an individual plan for success and that diversity can strengthen the school community.
- ♣ Achievement: High quality teaching is a priority and must be coupled with relevant, rigorous, authentic, and aligned curriculum to ensure high student achievement.
- ♣ Addressing the needs of the whole child: Academics, Athletics and Arts are addressed during the school day to ensure the successful growth and development of well-rounded leaders and responsible citizens.
- **Responsibility:** All faculty and staff members are responsible for the academic and social growth of students.

Paul PCS provides a structured, yet nurturing environment, through an extensive character education

model, individualized course placement, and an array of support services. A myriad of after school activities and clubs allow students to explore hobbies and interests, including athletics, mentoring organizations, music and dance, media and technology, visual arts, and more. Paul PCS has high expectations and believes that success in the middle and high school years is realized by providing a rigorous academic program, a deliberate exposure to the arts and athletics, and an emphasis on character development and leadership.

B. School Program

1. Summary of curriculum design and instructional approach

The curriculum at Paul Public Charter School is structured to foster individual student growth. Over the course of their studies at Paul, students build rich content knowledge, effective reasoning skills, responsible habits, exposure to a larger worldview, and an appreciation of their roles as individuals within the school, neighborhood, and global community.

Paul PCS offers an extensive liberal arts curriculum to all middle and high school students that is designed to meet the needs of every student. Accredited by the American Association for Liberal Education (AALE), this balanced curriculum incorporates English, Mathematics, Science and Social Studies as the core courses that are supplemented with world language, physical education and health, and arts electives. Academic program highlights include:

- Technology and arts integrated into core curriculum
- Multiple world language offerings
- Low teacher-to-student ratio
- Project-based learning opportunities
- Individualized student plans that include advanced/intervention courses
- International studies program in high school grades

To support the transition to middle school in the sixth grade, Paul provides a nurturing and supportive structure for its youngest scholars, coined "Paul Prep." The sixth grade teaching team develops grade-level appropriate incentives and activities to make scholars' sixth grade year more successful, while intensely addressing academic deficiencies. Paul Prep motivates, supports, and encourages scholars to begin middle school and thrive immediately. Seventh and eighth graders take an additional core course and have an opportunity to exercise more independence and empowerment. After the middle school grades, Paul scholars matriculate and flourish in our Cecile R. Middleton Ninth Grade Academy, the freshmen component of the Paul International High School, where they begin to delve into the global issues that impact their lives and their communities. High school students develop global competencies through a global studies course scheme, community service and leadership opportunities, study abroad and international travel, and through completion of a culminating capstone project. Through this focus, scholars learn to think critically so that they can compete and thrive in college and beyond.

In addition to specific content goals, the Paul curriculum makes students active participants in their learning process, teaches them to be accountable for their own successes, and provides them with a greater understanding of the world and their role in it. Content standards and cross-curricular integration are designed to help students develop habits of questioning, analyzing, and making connections across the curriculum and to their own lives.

Beginning in 2011, Paul adopted the Common Core State Standards and initiated the process to embed them in the English/Language Arts and math curricula in 2012. Beginning in 2014, the science department

shifted its curriculum to align with the New Generation Science Standards. Each content department has integrated supplemental instructional programs tailored to fit the diverse learning needs of the student population. Teachers revise and edit curriculum maps each year, which outline the year-long plans for addressing the content standards. The curriculum maps are organized by thematic units and include standards, essential questions, assessments, instructional strategies and resources. Teachers then develop 9-week advisory plans to drill down the standards into weekly aims/objectives, which then are used to derive daily lesson plans. During the 2015-2016 school year, the high school ELA and math departments adopted the Engage New York (EngageNY) curriculum to fully expose scholars to the highest levels of rigor with the intent to improve college readiness.

Paul Middle School is partnered with The Achievement Network and uses the ANET Schedule of Assessed Standards to also drive instructional decisions. Students take four interim assessments a year and teachers use the data cycles to provide individual and small group support for students. During the 2015-2016, Paul International High School implemented the MAP (Measures of Academic Progress) assessment for ELA and math. The faculty administered the exams three times during the school year and implemented a rigorous data cycle after each interim to drive instructional decisions in the classroom.

Students demonstrate mastery of the standards through daily exit tickets, unit exams, course projects, midterm and final examinations, and standardized testing. In each class each advisory (every 9 weeks), students are required to complete an interdisciplinary or intra-disciplinary project to demonstrate mastery of standards. Before progressing to the next grade level, students are required to achieve mastery in the skill areas related to math, English/language arts, social studies, science and world languages (French or Spanish).

Because the curriculum design is based on individual learning needs, the school carefully and regularly assesses these needs. Students entering Paul Middle School take a placement exam and participate in a weeklong summer orientation in which multiple data are gathered to identify strengths and weaknesses. Each student's schedule is then designed for that student alone.

This individualized program structure also accommodates the needs of our students with special needs. The core courses for English Language Learners are based on their language proficiency score, math level, and native language. The core courses for special education students are determined according to the requirements of their Individualized Education Plan (IEP). All students and their families receive information packets and a Family Handbook that include details about Paul's academic requirements. Families who are new to Paul are encouraged to attend the New Family Orientation that is held prior to the beginning of the school year.

All students use the Paul Student Resource Book daily to record their homework assignments. The book is also a resource that contains the school's academic policies, school calendar, promotion requirements, homework responsibilities and grading scale. For each class, students are provided with a syllabus that details the learning goals, major assignments, materials and textbooks, grading percentages, homework and test overview, and teacher contact information. Teachers and administrators distribute and discuss course syllabi with parents on Back-to-School Family Night at the beginning of the year. Student progress reports and report cards are mailed home throughout the school year at the mid- and end-points of each nine-week advisory period. Parents have the opportunity to meet in person with teachers to discuss their child's academic progress at Parent-Teacher conferences, held during the middle of each advisory.

The Paul curriculum was designed around the recognition that students need varying degrees of support to reach ambitious learning goals. Courses are structured to provide students with differentiated support according to their individual needs and promote continuous student growth. Cross-curricular integration reinforces growth in foundation subjects and enriches content in all areas.

Before each school year, the faculty convenes for a "Professional Development Institute" to review academic requirements, plan curriculum implementation and develop instructional strategies. The faculty uses standardized test results and teacher assessments from the previous year to gauge the curriculum's effectiveness and identify areas of strength and weakness. The Executive Team, school-based Leadership Teams, Instructional Coaches, and teacher leaders lead grade-level teams in assessing performance and developing targeted improvements for the upcoming school year.

We believe that academic excellence and character development are critical to ensuring that our scholars thrive. The Character Education Program at Paul provides the framework for model behavior, so that students strive to become M.E.R.I.T. Scholars. The challenge to each scholar is to internalize this model and learn to be guided from within rather than from faculty and staff. We believe that this holistic approach to education rounds out the young learner for success in secondary and higher education. Our goal is to teach and encourage each student to be a *Motivated, Educated, Responsible, Independent Thinker*.

Each month scholars earn incentives for exhibiting the school's character traits, which include respect, honesty, citizenship, caring, self-discipline, responsibility, fairness, perseverance, courage, and loyalty. Scholars are recognized publically in community meetings as a means of reinforcing the expectations for scholar behaviors and celebrating scholar successes. Scholars can also earn additional incentives which may include MERIT points, participation in off campus trips, dances and social mixers, movie and game rewards, and additional student choice. Scholars learn and understand that their actions result in either positive or negative consequences, which directly impact their futures.

Our Middle School supports our 6th grade scholars with their entry into "Paul Prep." Paul Prep provides the deliberate strategies to help our youngest scholars transition smoothly into middle school. Our scholars have an opportunity throughout middle school to explore each component of the "Triple A Program." After middle school, students enter the Cecile R. Middleton Ninth Grade Academy, which is a part of the Paul International High School, where they successfully conquer the first year of high school and build confidence to excel and compete in advanced placement courses throughout the remainder of their time at Paul.

Paul International High School (PIHS) builds on the "Triple A Program" by emphasizing college and career readiness, the development of global competencies, opportunities to study abroad, and exposure to international travel. All high school students take a distinctive Global Citizenship course each year, which explicitly challenges students to develop global competence, as defined by the performance standards created by The Asia Society, one of the School's key academic partners. Students also prepare their global projects in this course, which are presented at the end of the year during International Day. Scholars further exhibit their global competence through service projects and international travel. Since opening Paul International High School in 2013, scholars have traveled to Japan, Costa Rica, Zambia, London, Jamaica and Panama. Our aspirational goal is to ensure that all scholars have an opportunity to travel internationally before graduating from PIHS. At Paul, we strive to ensure that our graduates will leave ready for college, prepared to be leaders in the global community.

2. Parent involvement efforts

Paul values parents as partners in educating our students. Paul provides both formal and informal structures for parents to be involved in the life of the school. The bylaws of Paul's Board of Trustees mandate that two current Paul parents serve on the school's board. This level of parent involvement provides parental input and feedback within the governing body. The Board of Trustees holds monthly meetings (excluding August and December), an annual retreat, an annual data dive, and monthly committee meetings.

Paul also has a Parent Action Group (PAG), a parent-led body of parents and families that supports the school's mission and focuses on improving parent involvement. PAG leaders meet with the parent liaison (a selected staff member) and school administrators on a monthly basis to plan upcoming parent involvement events and to discuss parent concerns. PAG hosts/co-leads a series of events throughout the year including:

- New Parent Orientation (August)
- Back-to-School Block Party (September)
- Back-to-School PAG Meeting (September)
- International Family Night (October)
- Thanks-for-Giving Drive and Service Day (November)
- Holiday Mixer (December)
- Bingo Night (January)
- Family Literacy Night (February)
- Staff Appreciation Breakfast (May)
- Family Funfest (May)
- Parent Appreciation Luncheon (June)

In addition to the above activities, PAG also supports school-wide events including:

- Back-to-School Night
- ANET and PARCC Testing (volunteers and proctors)
- Open House
- Staff Appreciation Week

The school utilizes additional methods for parent involvement beyond collaborating with the PAG, which include:

- Monthly/quarterly newsletters
- · Weekly reminders via automated messaging
- Weekly updates on school's website
- Social media updates
- Quarterly progress reports
- Quarterly report cards
- Quarterly parent-teacher conferences
- Student and parent incentives or parent participation/attendance at events
- Parent satisfaction survey

During the 2015-2016 school year, Paul also launched the Paul Parent Ambassadors, a small cohort of parents that worked closely with the development and administrative staff to improve parent outreach.

Activities included direct calling to welcome new families, attending recruitment fairs and community events with Paul staff, providing feedback on parent events to improve quality and attendance, and participation in special events including the Grand Opening and inaugural high school graduation.

II. School Performance

A. Performance and Progress

Paul's mission is to educate our students and to develop in them the capacity to be responsible
citizens, independent thinkers and leaders. The extent to which the mission is being met is
measured by the school's annual student achievement, school culture, and development goals.
The 2015-2016 goals are listed below:

CRITICAL AREAS OF ENGAGEMENT	2015-2016 ORGANIZATIONAL/ SCHOOL-WIDE GOALS	SCHOOL-BASED/DEPARTMENTAL GOALS & TARGETS	Key Drivers
Development/ Fiscal Accountability	Meet or exceed annual enrollment projections (700 in SY15-16) by October 5, 2015; Meet or exceed "on track" enrollment projections for SY16-17	Middle School Meet or exceed projected middle school target of 250 students by October 5, 2015 Increase number of applications via MySchool DC by 25% by May 15, 2016 Retain 88% of rising seventh and eighth grade families for the 2016-17 school year High School Meet or exceed projected high school target of 450 students by October 5, 2015 Increase number of applications via MySchool DC for the 9 th and 10 th grades by 25% Retain 88% of rising 10 th , 11 th , and 12 th grade families for the 2016-17 school year	 Parent/family engagement strategies that increase parent/family satisfaction Student engagement strategies that increase student satisfaction Community outreach and partnership that increases school visibility Leverage new facility to partner with community organizations and schools to increase visibility
Development/ Fiscal Accountability	Meet non-enrollment revenue targets and manage expenses within approved budget	Development & Operations Raise \$290k* in grants and individual giving Increase opportunities for shared resources	 Diversify annual giving campaign Submit grant applications totaling at least \$1.5m Tightly manage expenses and identify potential savings Re-allocate funds based on priorities
Student Achievement & School Model	100% of Seniors will graduate; 100% of seniors will be accepted into college	Middle School • 80% of Scholars will maintain a GPA of 2.0 or higher • 80% of Scholars will participate in extended day program (including athletics) • 92% of Scholars will achieve daily in-seat attendance • 85% of Scholars will end the year eligible for character education incentives • 80% will affirm that their coursework is preparing them for high school and college High School • 100% of Scholars will receive 24 credits by graduation • 100% of Scholars will receive 100 community service hours by graduation • 100% of Scholars will take SAT by fall of senior year • 100% of Scholars will take PSAT by fall of Junior year • 100% of seniors will apply to 5 colleges • 75% of Scholars will maintain a GPA of 2.5 of higher • 92% of Scholars will maintain daily in-seat	 ➤ Curricular shifts that increase rigor and align to college readiness ➤ Course offerings aligned to college readiness ➤ Comprehensive and supportive college application process ➤ Data-driven interventions

			Т
		 attendance 85% of Scholars will end the year eligible for character education incentives 	
Student Achievement	Create and implement before the 2016-2017 school year, a new faculty recruitment and retention plan, including a new compensation model, to ensure retention of 90% of faculty rated effective or highly effective (excluding teachers who elect not to continue teaching in SY 2016-17)	Retain 90% of effective/highly effective staff members for the 2016-2017 school year Increase Instructional Culture Index by 1.5 points (year to year comparison) in each school	 Robust observation and feedback cycle Comprehensive PD model that includes differentiated PD and individual professional growth plans Alternative leadership opportunities for staff Organizational culture strategies that increase staff satisfaction
Student Achievement	80% of Scholars at or above proficiency on ELA/math assessments	 Middle School Reading: Students entering 1 or more grade level below will improve by at least 2 years (measured by Gates) Math: Students entering 1 or more grade level below will improve by at least 2 years (measured by MAP) Interim Assessments: 80% of Scholars will score 50% or higher in ELA/math interim 80% of Scholars will score 70% or higher in science or social studies interim assessments High School Mastery Checks: 80% of scholars will score 75% or better on each assessment MAP Test: 100% of scholars' RIT score will improve by 1 on each assessment PARCC: Score amongst the top 1/3 of all HS Students in DC Final Exams: 80% of scholars score 75% or better on each assessment PSAT: 50% of scholars earn a combined score of 80% or better on the verbal and math section of the test SAT: 75% of scholars earn a combined score of 800 or better on the verbal and math section of the test AP Exams: 40% of the scores will be a 3 or higher 	 ➤ Assessment model that supports data-driven instruction ➤ RTI model to provide effective interventions ➤ Blended learning program for middle school math ➤ Specialized course offerings based on student needs ➤ Restructure and revise sped model ➤ Tighten and develop common systems and common language that maximize instructional time on-task
Development	Establish corporate partnerships to enhance development efforts	Establish at least 2 corporate sponsorships that result in at least \$50k in additional funding (can be in-kind)	 Leverage relationships with new and current vendors Engage board members in solicitation Leverage facility to increase community partnerships

2. The school has adopted the PMF goals as a part of its charter agreement. School performance highlights and results aligned to the school's strategic framework from the 2015-2016 school year are detailed below:

School Model

- o Completed high school expansion and graduated inaugural senior class
- 97% of seniors graduated in 2016 and 100% of graduating seniors were accepted to college
- o 92% in-seat attendance in the middle school; 90% in-seat attendance in the high school
- o 87% of middle school students and 89% of high school students met character education

goal

- Implemented student-led conferences in the middle school
- Groups of high school scholars traveled to London, Zambia, and Jamaica for service learning

• Student Achievement

- 5% increase in middle school ELA scores on PARCC
- o 7th grade ELA PARCC scores above the DC state average
- o 8th grade math PARCC scores above the DC state average
- Middle school MAP growth 17% above national average (Teach to One partner schools)
- Increase of 25% in number of Juniors scoring at least 800 on the SAT (ELA and math)

Development

- Completed capital project, opening the new addition in October 2015; new addition includes dance studio, media center/library, art studio, fitness room, locker rooms, indoor walking track, half court and full court gymnasium
- Increased giving on Giving Tuesday

B. Lessons Learned and Actions Taken

Based on the 2015-2016 data, the school has taken many lessons learned from the school year. Paul graduated its first senior class, and though 100% of the graduating seniors were accepted to college, Paul faculty will need to increase supports for scholars as they matriculate through college. In addition, Paul faculty will continue to focus on increasing rigor to ensure that all scholars are academically ready for the rigor of college courses. The 2016-2017 school year will also be an important planning year for the school to become its own LEA for special education. Paul's middle school launched a new math hybrid digital learning program, Teach To One, which proved to be a successfully implemented program; however the math team has focused on several programmatic shifts to ensure that scholars make the necessary math gains to ensure that middle school scholars are ready for high school Algebra by the end of 8th grade (or sooner for some scholars that would be ready for Algebra at the beginning of 8th grade). The following table details the goals that the school has adopted for the 2016-2017 school year, based on the lessons learned during the 2015-2016 school year. It includes the actions to be taken (drivers and strategies) that were identified during the summer planning months prior to the 2016-2017 school year. The goals were developed based on the persistent priorities identified after analyzing critical school data. The priorities are: teaching and learning, family engagement, organizational culture, and enrollment. The 2016-2017 school goals are listed below:

2016-2017 ORGANIZATIONAL/ SCHOOL-WIDE GOALS	SCHOOL-BASED/DEPARTMENTAL GOALS & TARGETS	Key Strategies
Meet or exceed annual enrollment projections (725 in SY16-17) by October 5, 2016	Middle School Meet or exceed projected middle school target of 225 students by October 5, 2016, including increasing sixth grade enrollment to 80 students for 2016-17 school year Retain 90% of rising seventh and eighth grade families for the 2017-18 school year High School Meet or exceed projected high school target of 500 students by October 5, 2016 Retain 90% of rising 10 th , 11 th , and 12 th grade families for the 2017-18 school year	 Parent/family engagement strategies that increase parent/family satisfaction (STAFF) Develop safe passage initiative to support students in the community while they are going to and from school (STAFF)
Meet non-enrollment	Development & Operations	Leverage new facility to partner with

revenue targets and manage expenses within approved budget	 Identify and cut all non-essential expenditures Implement plan to sublease and/or license available space to compensate for cash flow deficit Raise \$95k in grants and individual giving 	community organizations and schools to sublease and/or license space to raise revenue (STAFF) ➤ Engage a grant writer (STAFF) ➤ Submit grant applications totaling ≥ \$600k (STAFF) ➤ Seek out new potential foundation/corporate grants (BOARD) ➤ Obtain Department of General Services approval to amend amendment to expand Permitted Uses and defer ground rent for remainder of initial five year rend period (BOARD) ➤ Diversify annual giving campaign and assure that all Trustees contribute (BOARD)
100% of Seniors will graduate on time (i.e., by August 2017); Schools will achieve Tier 1 status	Middle School T5% of Scholars will maintain a GPA of 2.5 of higher Self-self-self-self-self-self-self-self-s	 Modify curriculum to increase rigor and align with college readiness standards (STAFF) Modify course offerings to align to college readiness (STAFF) Comprehensive and supportive college application process (STAFF) Develop and adopt an effective SPED model (STAFF) Improve effectiveness of character education program, including incentives to encourage consistent enforcement (STAFF) Monitor Academic Dashboard on a monthly basis (BOARD)
50% of Scholars will score at least 3 or higher on English 10 and on Geometry PARCC assessment and 60% of Scholars score at least 3 or higher on both MS ELA and MS MATH PARCC assessment	attendance 85% of Scholars will end the year eligible for character education incentives Middle School ELA: 100% of scholars will meet or exceed their individual growth goals each assessment Math: 100% of scholars will meet or exceed their individual growth goals each assessment High School ELA: 100% of 9-11 grade scholars will meet or exceed their individual growth goals each MAP assessment Math: 100% of 9-11 scholars will meet or exceed their individual growth goals each MAP assessment Math: 100% of 9-11 scholars will meet or exceed their individual growth goals each MAP assessment PSAT: 60% of scholars earn a combined score of 80 or better on the verbal and math section of the test SAT: 60% of scholars earn a combined score of 800 or better on the verbal and math section of the test AP Exams: 24% of the scores will be a 3 or bidder.	 Assessment model that supports datadriven instruction (STAFF) RTI model to provide effective interventions (STAFF) Resource classroom for high school (STAFF) Tighten and develop common systems and common language that maximize instructional time on-task (STAFF)
Establish corporate partnerships to enhance development efforts Create and monitor a process that includes the Board, School leaders, teachers, and parents to	higher Establish at least 2 corporate sponsorships that result in at least \$25k in additional funding (can be in-kind) Identify and analyze all appropriate School Improvement options and begin process for new strategic direction & plan	Leverage relationships with current vendors (STAFF) Engage Board members in solicitations (BOARD) Engage Board members in more direct connections to students and teachers by encouraging class visits and working directly with students in either class or after-school activities (BOARD)

direction of School following SY2016-17 which ensures sustainability of the School model		strategic planning consultant (STAFF AND BOARD) > Work with School Improvement and/or strategic planning consultant to develop a plan for communicating with PCSB, school leaders, teachers, and parents about adopting a new strategic direction for the School (STAFF AND BOARD)
Adopt best organizational structure to support the mission of the School and create a faculty and student support staff retention and recruitment plan to improve the quality of instruction as necessary to reach student achievement goals	 Retain 90% of effective/highly effective teachers and student support staff members for the 2016-2017 school year Implement part 2 of staff compensation improvement plan started in SY2015-16 	 Research and evaluate organizational structures used by charter management organizations operating highly effective schools comparable in size and demographics to those of the School (STAFF AND BOARD) Design new performance appraisal system for teachers (STAFF) Develop and adopt a professional development model with appropriate support for teachers and staff at varying levels of experience and effectiveness (STAFF)

C. Unique Accomplishments

Teach to One Program in the Middle School

Paul Middle School launched a new partnership with New Classrooms to increase capacity of a personalized learning math model, Teach-to-One:Math (TTO). Teach-to-One:Math is designed to meet middle school students where they are, whether on or below grade level, while at the same time allowing for other students to move ahead and be enriched through more rigorous math. It is designed to help students move towards math literacy and Algebra readiness and allows students to be in a blended learning environment to increase academic success in math. The program "designs new instructional models that reimagine the role of educators, the use of time, the configuration of physical space and the use of data and technology to better meet the needs of each student." Paul Middle School scholars showed 17% more growth on the MAP assessment compared to other partner schools nation-wide.

Flamboyan Foundation Partnership in the Middle School

Paul Middle School also partnered with the Flamboyan Foundation to implement Student-Led Conferences (SLC) as a strategy to increase parent involvement and to develop student leadership skills in an effort to increase overall academic achievement. Scholars learned how to set academic goals, to analyze data, and to reflect on their progress. During the 2016-2017 school year, Paul will continue its partnership with Flamboyan, as a grantee to implement home visits, in addition to continuing SLCs.

Middle School Project Week

Project Week, one of the most popular weeks of the school year for the scholars and teachers, took place in June for middle school students. Project Week allowed scholars to dig deep on a subject and experience all that the nation's capital has to offer through teacher-planned activities on and off campus. Scholars were grouped based on interest and they spent the week learning about the topic's theme and had the opportunity to share what they learned through a showcase for the entire school. Some of the group themes included college madness, behind the music, nature all around us, the urban community project, and fear conquerors.

First Graduating Class at Paul International High School

Paul International High School graduated its first senior class in June 2016, boasting 100% college acceptance for those graduating seniors. Scholars were accepted to a host of colleges and universities across the country.

High School Scholars Travel Abroad

High school scholars traveled to Jamaica, Zambia, and London this past summer to explore culture and global issues. Scholars learned and served the communities they visited, as an extension of Paul International High School's international studies program. Paul is a proud partner with LearnServe and will

extend the partnership to include curricular resources for Paul's global studies course in the 2016-2017 school year. With support of individual donors, more than \$30k was raised to supplement expenses for scholars to travel abroad.

High School STEM Club

Paul's STEM club in the high school garnered several small grants to support learning and fun for scholars. Several scholars were offered an internship at the University of Maryland in neuroscience in addition to career mentorship from college students.

High School Law Camp Program

Participants in the high school Law Camp Program doubled this year, which allowed more scholars to tackle social justice issues, to receive mentoring from DC Superior Court judges, and to learn more about the federal and local judicial system as a potential career exploration opportunity.

Accreditation Renewal

Paul PCS successfully participated in its AALE (American Academy for Liberal Education) Accreditation Renewal, which included an in-depth document review and a multiple-day onsite visit from external evaluators. Feedback from the evaluators was positive and aligned to the school's plan for improvement in 2016-2017. (Paul's renewal will be voted upon in October 2016)

Grand Opening of New Addition

Paul PCS opened its new addition to the existing building, which culminated a \$21.5M renovation and expansion over the past two years. The new addition includes a new library/media center, art studio, dance studio, fitness room, locker rooms, indoor walking track, half court and full court gymnasium, lobby, and administrative offices. This addition provides axillary space for both the middle school and high school, with dedicated space to accommodate the growth of the high school.

Charter Renewal from DC Public Charter School Board

In December 2014, the DC Public Charter School Board voted to renew Paul PCS's charter for another fifteen years. This charter renewal is a testament to the strong school programming that Paul has provided students and families over the past fifteen years. School staff and board members spent the fall preparing for the renewal application, and it was unanimously approved by the PCSB Board of Trustees on December 15, 2014.

3rd Annual My Brother's Keeper Event

On the heels of President Barack Obama's "My Brother's Keeper" initiative launch in 2014, Paul PCS recognized *National Charter School Week* in conjunction with *Teacher Appreciation Week* by hosting a two-day event that included workshops for our young boys of color, a community reception, and a forum to seek solutions to this call for action around this critical issue on May 6 and 7, 2016. The outcomes from our first three years were an increased awareness of challenges and solutions to address our young boys of color, increased partnerships, donations of supplies for the school, launch of our middle school KINGS extended day and mentoring program for our 6th and 7th grade boys (SY15-16), partner confirmation from George Washington University & Rebound 4 Success Institute for our mentoring our senior males, and published executive summary of research on mentoring, funded by the W.K. Kellogg Foundation,

"Man The Block" Safe Passage Program

Paul partnered with Richard Wright PCS and several charters, city agencies, and councilmembers to raise awareness about the need to develop a city-wide safe passage program for students. Paul hosted two awareness days on site (September 2015 and May 2016), which included community support and volunteers. Additional activities in this initiative included school leaders testifying at the DC Council and participating in the winter MTB forum.

Paul PCS Athletic Offerings and Accomplishments

The 2015-2016 school year brought a number of athletic accomplishments by our middle and high school students. Athletic teams that were offered included: Football, Soccer, Volleyball, Basketball, Baseball,

Softball, Track and Field, and Cheerleading. Wellness activities such as Yoga, Zumba, Dance, and Step were also offered to our scholars.

D. List of Donors
