INDEPENDENT AUDITOR'S REPORT

***Report on the Financial Statements***

We have audited the accompanying financial statements of the Richard Wright Public Charter School for Journalism and Media Arts (a nonprofit organization), which comprise the statements of financial position as of June 30, 2018 and 2017, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

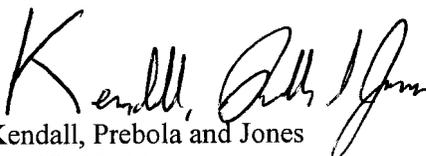

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Richard Wright Public Charter School for Journalism and Media Arts, as of June 30, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

***Report on Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of functional expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 3, 2018, on our consideration of the Richard Wright Public Charter School for Journalism and Media Arts' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Richard Wright Public Charter School for Journalism and Media Arts' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Richard Wright Public Charter School for Journalism and Media Arts' internal control over financial reporting and compliance.

RICHARD WRIGHT PUBLIC CHARTER SCHOOL  
FOR JOURNALISM AND MEDIA ARTS  
NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION:

The Richard Wright Public Charter School for Journalism and Media Arts (the Charter School), a nonprofit organization incorporated in the District of Columbia in 2010, has been granted a charter as a DC public charter school by the District of Columbia Public Charter School Board, as authorized by the DC School Reform Act.

As a DC public charter school, the Richard Wright Public Charter School for Journalism and Media Arts has a guaranteed funding stream from the District of Columbia (uniform per student funding) and the U.S. federal government (federal grants for education and other programs) provided it meets certain compliance requirements. A DC public charter school is considered a Local Educational Agency (LEA) under federal education guidelines. As a DC public charter school, the Richard Wright Public Charter School for Journalism and Media Arts enjoys significant freedom from the budget and operational restrictions placed on traditional public schools, allowing it to create a unique educational mission and approach.

The Charter School's primary sources of support are local appropriations for charter schools from the District of Columbia.

**Basic Programs**

The mission of Richard Wright Public Charter School for Journalism and Media Arts is to transform students in grades 8-12 into well-versed media contributors by providing a student-centered environment that connects them to the classics and modern languages and a curriculum focused on strong writing skills and vocabulary.

Named after prominent African American novelist Richard Wright, the Charter School will emphasize the development of students' skills in communication and expression, while providing a comprehensive education that prepares students for college and career. The Charter School has adopted the Boston Latin School framework for grades 8-12 and aligned the curriculum to DCPS Learning Standards, where applicable. The Boston Latin Model has proven to be successful for well over 300 years. The Charter School will review its curriculum annually to ensure adherence to state and federal academic goals, and to incorporate best practices from education research.

Philosophy

The Charter School will connect our students with the culture of the classics and modern languages while enhancing their education through an exploration of journalism and media arts. The Charter School believes in the following core values which will be instilled by the administration and staff and demonstrated by students on a daily basis:

- Self-discipline
- Academic rigor
- Moral conviction
- Self-respect
- Positive energy

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The significant accounting policies of the Charter School are summarized below:

(a) Basis of Accounting and Presentation:

The accompanying financial statements have been prepared on the accrual basis of accounting, which presents financial position, activities, functional expenses, and cash flows in accordance with accounting principles generally accepted in the United States of America.

(b) Revenue Recognition:

**Contributions**

The Charter School has adopted Financial Accounting Standards Board ASC No. 958-605-25, *Accounting for Contributions Received and Contributions Made*. As such, contributions are recognized as revenue when they are received or unconditionally pledged.

All contributions are available for unrestricted use unless specifically restricted by the donor. Contributions and promises to give with donor-imposed conditions are recognized as unrestricted support when the conditions on which they depend are substantially met. Contributions and promises to give with donor-imposed restrictions whose restrictions are met during the same reporting period as the contribution are recognized as unrestricted support. Contributions and promises to give with donor-imposed restrictions that are not met in the same reporting period are reported as temporarily restricted support. Unconditional promises to give due in the next year are recorded at their net realizable value.

The Charter School reports gifts of equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. The Charter School reports expirations of donor restrictions when the donated or acquired assets are placed in service.

**Federal and Charter School Funding**

The Charter School receives a student allocation from the District of Columbia as well as federal funding to cover the cost of academic expenses. The student allocation is on a per pupil basis and includes the academic year funding, special education funding, and a facilities allotment. The Charter School recognizes this funding in the year in which the school term is conducted. Funding received in advance of the school term is recorded as a refundable advance. Federal entitlements are recognized based on the allowable costs incurred.

(c) Corporate Taxes:

The Charter School is exempt from federal and state income taxes (other than on unrelated business income) under the provisions of Section 501(c)(3) of the Internal Revenue Code and similar state income tax laws. Exemption from District of Columbia income taxes was granted to the Charter School effective May 24, 2010.

RICHARD WRIGHT PUBLIC CHARTER SCHOOL  
FOR JOURNALISM AND MEDIA ARTS  
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

(c) Corporate Taxes: (Continued)

Under IRC Section 512(a)(7), certain transportation benefits are subject to unrelated business income tax. As of June 30, 2018, the Charter School recognized \$3,322 of income tax expense related to filing of the 2018 990-T tax return. In addition, \$1,423 of income tax expense due to the District of Columbia has been recorded in the financial statements related to income tax on transportation benefits.

The Charter School is also exempt from District of Columbia sales, real estate and personal property taxes.

(d) Grants:

Grant revenues are received primarily from Federal agencies and the District of Columbia. These grants are subject to audits by the grantor agencies. Such audits could result in a request for reimbursement by the agency for expenditures disallowed under the terms and conditions of the appropriate grantor. No provision for possible adjustment has been made in the accompanying financial statements because, in the opinion of management, such adjustment, if any, would not have a material effect on the financial statements.

Cash receipts in excess of costs incurred for grants are reflected as refundable advances until they are expended for the purpose of the grant, at which time they are recognized as unrestricted support. Costs incurred in excess of cash received are reflected as grants receivable.

(e) Net Assets:

The Charter School has adopted Financial Accounting Standards Board ASC No. 958-205-05, *Financial Statements of Not-for-Profit Organizations*. Under FASB ASC No. 958-205-05, the Charter School is required to report information regarding its financial position and activities according to three classes of net assets.

Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Charter School and changes therein are classified and reported as follows:

**Unrestricted Net Assets**

Unrestricted net assets are defined as net assets that are not subject to donor-imposed restrictions and over which the Board of Directors has discretionary control. This classification includes net assets subject to donor-imposed conditions, which have been met in the current year and net assets subject to donor-imposed restrictions that have been released from restrictions.

RICHARD WRIGHT PUBLIC CHARTER SCHOOL  
FOR JOURNALISM AND MEDIA ARTS  
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

(e) Net Assets: (Continued)

**Temporarily Restricted Net Assets**

Temporarily restricted net assets are defined as net assets subject to donor-imposed restrictions that may or will be met, either by actions of the Charter School and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. The Charter School reports donor-restricted contributions whose restrictions are met in the same reporting period as unrestricted support. There were no temporarily restricted net assets as of June 30, 2018 or 2017. In addition, there were no net assets released from donor restrictions during June 30, 2018 or 2017.

**Permanently Restricted Net Assets**

Permanently restricted net assets are defined as net assets subject to donor-imposed stipulations that requires the net assets be maintained permanently by the Charter School. Generally, the donors of these assets permit the use of all or part of the income earned on any related investments for general or specific purposes. The Charter School did not have any permanently restricted net assets as of June 30, 2018 or 2017.

(f) Donated Services and Materials:

Donated services and materials are recognized as contributions in accordance with FASB ASC 958, *Accounting for Contributions Received and Contributions Made*, if the services received create or enhance nonfinancial assets or require specialized skills, and are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributed services and promises to give services that do not meet the above criteria are not recognized. The time contributed by the Charter School's Board of Directors is uncompensated and is not reflected as donated services. In-kind contributions are recorded in the statement of activities at estimated fair value and recognized as revenue and expense (or an asset) in the period they are received. There were no donated services and materials recorded in the financial statements during the years ended June 30, 2018 and 2017.

(g) Functional Expense Allocation Policies and Procedures:

Management has elected to prepare a schedule of functional expenses that is presented as supplemental information to the financial statements. The schedule of functional expenses presents an allocation of each expense category between program services, general and administrative, and fundraising activities. Program service costs pertain to educating students. General and administrative costs pertain to supporting activities. Fundraising costs relate to fundraising activities such as special events, fundraisers and the soliciting of contributions.

Management has established functional expense allocation policies and procedures based on a reasonable analysis of cost drivers and reasonable allocation estimates based on financial results and industry standards.

RICHARD WRIGHT PUBLIC CHARTER SCHOOL  
FOR JOURNALISM AND MEDIA ARTS  
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

(g) Functional Expense Allocation Policies and Procedures: (Continued)

Direct costs, where identifiable, are allocated in whole to the appropriate functional category. Direct student expenses (textbooks, materials, instructional supplies, assessment material, contract educational services, and field trips) are allocated entirely to program services.

Personnel expenses for salaries are allocated based on job descriptions and management estimates of time spent on particular activities. Personnel expenses for salaries are divided into employee categories (executive, teachers, other educational staff, etc.) and then a percentage of time spent on program services, general and administrative activities, and fundraising activities is applied. All other personnel expenses (benefits, payroll taxes, staff development) are allocated based on the weighted average allocation of the direct salaries.

For other expenses where it would not be appropriate to designate 100 percent as a program service cost, general and administrative cost, or fundraising cost, the allocation formula for personnel expenses is utilized for cost allocation purposes.

(h) Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of support and revenues and expenses during the reporting period. Actual results could differ from those estimates.

(i) Recognition of Salary Expense:

Salary expense is recognized in the year the service is rendered, which coincides with the academic year. Salaries unpaid at June 30 are recognized as expense and accrued salaries.

(j) Fair Value of Certain Financial Instruments:

Some of the Charter School's financial instruments are not measured at fair value on a recurring basis but nevertheless are recorded at amounts that approximate fair value due to their liquid or short-term nature. Such accounts include cash, accounts receivable, prepaid expenses, accounts payable, and accrued expenses.

(k) Reclassifications:

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements. These reclassifications had no effect on the change in the net assets or to total net assets from prior years.

RICHARD WRIGHT PUBLIC CHARTER SCHOOL  
FOR JOURNALISM AND MEDIA ARTS  
NOTES TO FINANCIAL STATEMENTS

3. ACCOUNTING FOR UNCERTAIN TAX POSITIONS:

Accounting principles generally accepted in the United States of America provide consistent guidance for the accounting for uncertainty in income taxes recognized in the Charter School's financial statements and prescribe a threshold of "more likely than not" for recognition of tax positions taken or expected to be taken in a tax return. The Charter School performed an evaluation of uncertain tax positions for the year ended June 30, 2018, and determined that there were no matters that would require recognition in the financial statements or that may have any effect on its tax-exempt status. As of June 30, 2018, the statute of limitations for tax years 2014 through 2016 remains open with the U.S. federal jurisdiction or the various states and local jurisdictions in which the Charter School files tax returns. It is the Charter School's policy to recognize interest and/or penalties related to uncertain tax positions, if any, in income tax expense. As of June 30, 2018, the Charter School had no accruals for interest and/or penalties.

4. CASH AND CASH EQUIVALENTS:

Cash and cash equivalents at year end consisted of the following:

	<u>June 30, 2018</u>	<u>June 30, 2017</u>
Interest Bearing Savings Account	\$ 620,510	\$ 200,011
Non-Interest Bearing Checking Accounts	<u>125,087</u>	<u>28,177</u>
Total	<u>\$ 745,597</u>	<u>\$ 228,188</u>

For purposes of the cash flow statement and financial statement presentation, cash and cash equivalents are short term, highly liquid investments with maturities of three months or less.

The Charter School maintains its cash in one financial institution in the form of a non-interest bearing business checking and a savings account. These accounts are covered under the Federal Deposit Insurance (FDIC) Program. Federal Deposit Insurance Corporation Insurance coverage is \$250,000 per account category. Deposits held in non-interest bearing transaction accounts are aggregated with interest-bearing deposits and the combined total is insured up to \$250,000.

As of June 30, 2018, the bank balance exceeded the Federal Deposit Insurance Corporation limits by \$515,353. Due to increased cash flows at certain times during the year, the amount of funds deposited in excess of FDIC limits may have been greater than at year end. The Charter School was at risk for the funds held in excess of the insured amounts. The Charter School has not experienced any losses related to these accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.

RICHARD WRIGHT PUBLIC CHARTER SCHOOL  
FOR JOURNALISM AND MEDIA ARTS  
NOTES TO FINANCIAL STATEMENTS

5. ACCOUNTS, GRANTS AND PROMISES RECEIVABLE:

**Accounts and Grants Receivable**

Accounts and grants receivable are current and considered to be fully collectible by management. Balances at year end consisted of the following:

	<u>June 30, 2018</u>	<u>June 30, 2017</u>
<u>Accounts Receivable</u>		
Activity and Student Fees	\$ 175	\$ 3,580
Per Pupil Funding	7,376	17,388
PayPal	-	184
Reimbursable Expenses	51,405	51,139
Employee Receivable	<u>-</u>	<u>2,434</u>
Total	<u>\$ 58,956</u>	<u>\$ 74,725</u>
<u>Grants Receivable</u>		
Federal Entitlement Grants	\$ 131,351	\$ 29,991
National School Lunch Program	46,127	25,155
Healthy Schools Act	1,220	1,183
School Technology Fund	6,712	-
Individuals with Disabilities Education Act (IDEA 611)	15,182	-
Scholarships for Opportunity and Results Act (SOAR)	3,018	-
E-Rate	15,663	-
Local Grants	<u>140</u>	<u>-</u>
Total	<u>\$ 219,413</u>	<u>\$ 56,329</u>

The Charter School's accounts and grants receivable consists of unsecured amounts due from funding sources whose ability to pay is subject to changes in general economic conditions. Because the Charter School does not require collateral, it is at credit risk for the amounts owed to it through the year and at year end.

Accounts and grants receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectable amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts or grants receivable. Management believes that an allowance was not required, based on its evaluation of collectability of receivables for the years ended June 30, 2018 and 2017.

Trade receivables related to program service fees are recognized as revenue on the accrual basis of accounting at the time the program activity has occurred. Credit is extended for a period of 60 days with no interest accrual at which time payment is considered delinquent. Trade receivables are written off as uncollectable when payment has not been received after 180 days.

5. ACCOUNTS, GRANTS AND PROMISES RECEIVABLE: (Continued)

**Promises Receivable**

Contributions are recognized when the donor makes a promise to give that is, in substance, unconditional. Promises to give represent amounts committed by donors that have not been received by the Charter School. The Charter School uses the allowance method to determine uncollectible promises to give. Promises receivable were \$800 and \$5,516 at June 30, 2018 and 2017, respectively. These amounts were all due to be received within one year.

6. FIXED ASSETS:

Furniture and equipment are recorded at cost, or in the case of contributed property, at the fair market value at the date of contribution. If an expenditure in excess of \$1,000 results in an asset having an estimated useful life which extends substantially beyond the year of acquisition, the expenditure is capitalized at cost and depreciated over the estimated useful life of the asset. When assets are retired, or otherwise disposed of, the cost and related accumulated depreciation is removed from the accounts and any resulting gain or loss is reflected in income for the period. Depreciation has been provided on the straight-line method over the estimated useful lives of the assets. Depreciation expense for the years ended June 30, 2018 and 2017 was \$150,149 and \$197,383, respectively. Maintenance and repairs are charged to expenses as incurred. Major classifications of fixed assets and their estimated useful lives are as summarized below:

9. DISTRICT OF COLUMBIA PUBLIC CHARTER SCHOOL BOARD CONTRACT:

The Charter School was approved by the District of Columbia Public Charter School Board to operate a charter school in the District of Columbia. The District of Columbia Public Charter School Board (DCPCSB) is responsible for the ongoing oversight of the Charter School’s fiscal management and academic acceptability. The contract dated May 14, 2011, provides for a 15-year charter effective the date of first operation. The charter contract may be renewed for successive 15-year periods if the DCPCSB deems that the Charter School is in compliance with its charter contract and District statutory provisions. In addition, in accordance with the Charter School Act, the DCPCSB is required to review the charter every five years. The DCPCSB may revoke (or not renew) a charter school contract if a school violates applicable law, materially violates the charter contract or fails to meet the student academic achievement expectations set forth in the charter contract. Consequently, management does not anticipate non-renewal or revocation of its charter.

As part of the agreement with the DCPCSB, the Charter School may be charged a public charter school fee, which is not to exceed one percent (.9% for the 17/18 school year) of the total revenues (less philanthropic and investment revenues) within the annual budget to cover the costs of undertaking the ongoing administrative responsibilities of the Board. For the years ended June 30, 2018 and 2017, the Charter School incurred \$58,664 and \$63,994, respectively, in administrative fees.

The charter contract provides that the Charter School may educate up to a predetermined number of students. However, this enrollment limit may be raised upon notification to and acceptance by the DCPCSB. The Charter School enrollment ceiling for the year ended June 30, 2018, was not permitted to be greater than 500 students. Audit enrollment for the 2017/2018 year was 269 students and enrollment for the 2016/2017 year was 300 students.

10. PER-PUPIL FUNDING ALLOCATION:

The Charter School receives local funding from the District of Columbia in the form of per-pupil educational allotments and facility allotments. This funding is based on the equivalent number of full-time students and is determined annually. For the year ended June 30, 2018, the per-student rate ranged from \$11,708 to \$12,514 for the education allotment and \$3,193 for the facility allotment. For the year ended June 30, 2017, the per-student rate ranged from \$10,457 to \$11,812 for education allotment and \$3,124 for the facility allotment. Additional allotments were made for Special Education Services and English as a Second Language.

Federal formula grants are allocations of money to states or their subdivisions in accordance with distribution formulas prescribed by law or administrative regulation, for activities of a continuing nature not confined to a specific project. The Charter School receives federal formula grants under the provisions of the No Child Left Behind Act (NCLB) of 2001, P.L 107-110. NCLB funds are not intended to replace state or local educational funding. Rather, NCLB funds provide additional support to states, Local Education Agencies (LEAs), and schools for specific purposes. Grants are provided by the U.S. Department of Education and passed through the District of Columbia Office of the State Superintendent of Education.

The National School Lunch Program and School Breakfast Program are part of the child nutrition cluster of programs operated by the U.S. Department of Agriculture. The objectives of the child nutrition cluster programs are to: (1) assist states in administering food services that provide healthful, nutritious meals to eligible children in public and non-profit private schools, residential childcare institutions, and summer recreation programs; and (2) encourage the domestic consumption of nutritious agricultural commodities.

On June 22, 2012, the Charter School entered into a lease agreement with Madison 770 M Street, LLC, for its School location at 770 M Street, SE, Washington, DC. The lease commenced August 1, 2012, and was scheduled to expire during July 2015. The monthly base rent in year 1 was \$48,333, and is based on \$20 per square foot for approximately 29,000 square feet. This lease was amended during June 2013 effective for the period beginning on August 1, 2013. The lease term was extended for five (5) years from August 1, 2013, through July 31, 2018, and includes approximately 41,147 square feet of space. The monthly base rent is \$64,750 in year one (1) and increases each year during the lease to a monthly amount of \$73,653 in the fifth and final year of the lease. Accordingly, \$53,695 of future rent payments have been recorded as a liability to adjust the actual rent paid to conform to the straight-line basis. In addition to the base rent, the Charter School will also be responsible to pay the landlord for monthly operating expenses associated with the leased property. An estimate of the annual increase in operating cost has not been provided for below. As a requirement of this lease, a security deposit of \$50,750 was made. Total rent expense for the years ended June 30, 2018 and 2017 was \$1,169,218 and \$1,103,400, respectively. 13. CONCENTRATIONS:

**Revenues**

The Charter School receives public funds from the District of Columbia based on the number of students they enroll according to the Uniform Per Student Funding Formula developed by the Mayor and City Council. This per pupil allocation is supplemented with extra funds for students with special needs. During the years ended June 30, 2018 and 2017, ninety percent (90%) and ninety-one percent (91%), respectively, of total support was received from the District of Columbia in the form of per pupil funding.

In addition to the revenue received through the Uniform Per Student Funding, the Charter School receives state and federal grants awarded under the auspices of the U.S. Department of Education (No Child Left Behind and special education) as well as the U.S. Department of Agriculture (Child Nutrition). The Charter School is entitled to receive these funds by virtue of its recognition as a Local Education Agency by the District of Columbia Public Charter School Board (DCPCSB). The DCPCSB may revoke the charter for material violations of laws and the terms of its charter agreement or if the Charter School fails to meet established goals and student achievement expectations.

The Charter School is limited to enrolling students that are residents of the District of Columbia. As a DC Public Charter School, the Charter School must compete for students against the DC Public School system as well as other DC Public Charter Schools.

14. CONTINGENCIES:

The Charter School was granted its charter by the District of Columbia Public Charter School Board, authorized under the District of Columbia School Reform Act of 1995, Public Law 104-134, as amended. The Charter School has no reason to believe that this relationship will be discontinued in the foreseeable future. However, any interruption of this relationship (i.e., the failure to continue this charter authorization or withholding funds) could adversely affect the Charter School's ability to finance ongoing operations.

RICHARD WRIGHT PUBLIC CHARTER SCHOOL  
FOR JOURNALISM AND MEDIA ARTS  
NOTES TO FINANCIAL STATEMENTS

14. CONTINGENCIES: (Continued)

The Charter School depends on per pupil allocations, grants, and contributions for a significant portion of its revenues. The ability of the sources of revenues to continue giving amounts comparable with prior years may be dependent upon future economic conditions and continued deductibility for income tax purposes of grants and contributions to the Charter School. While the Charter School's Board of Directors and management believes the Charter School has the resources to continue its programs, its ability to do so, and the extent to which it continues, may be dependent on the above factors. The viability of public charter schools and funding for these schools is dependent on the consensus of current and future administrations of the District of Columbia. Any future change in dynamics could adversely affect the operations of public charter schools.

Laws and regulations governing charter schools are complex and subject to interpretation. The Charter School believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing.

15. SUBSEQUENT EVENTS:

**Financial Statement Preparation**

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through December 3, 2018, the date the financial statements were available to be issued, and has determined that no adjustments are necessary to the amounts reported in the accompanying financial statements.

**Enrollment**

Enrollment for the 2018/2019 school year is projected to be approximately three hundred (300) students. These enrollment numbers are up from the current enrollment number of two hundred sixty-nine (269) students during the 2017/2018 school year.

Advertising and marketing costs are expensed when incurred. Advertising expenses were incurred for the purpose of promoting student enrollment and recruiting to the Charter School and to provide outreach to the community. Marketing expenses in the amount of \$33,090 and \$27,800 were incurred during the years ended June 30, 2018 and 2017, respectively.

**403(b) Retirement Plan**

The Charter School provides pension benefits for its employees through a defined contribution 403(b) retirement plan which is currently administered by Lincoln Financial. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Provisions of the plan allow for the employees to contribute up to the statutory limits set by the Internal Revenue Code. Plan provisions call for a dollar for dollar match up to three percent (3%) of eligible wages.

Participants become sixty percent (60%) vested after their first year and increased by ten percent (10%) each year thereafter until becoming fully vested after year five. There is no unfunded past service liability. The Charter School's contributions for the years ended June 30, 2018 and 2017 were \$24,952 and \$28,639, respectively.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Richard Wright Public Charter School for Journalism and Media Arts (a nonprofit organization), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 3, 2018.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered Richard Wright Public Charter School for Journalism and Media Arts' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Richard Wright Public Charter School for Journalism and Media Arts' internal control. Accordingly, we do not express an opinion on the effectiveness of Richard Wright Public Charter School for Journalism and Media Arts' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

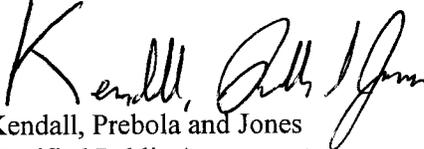

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether Richard Wright Public Charter School for Journalism and Media Arts' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
