Report on the Financial Statements

We have audited the accompanying financial statements of Washington Global Public Charter School (a nonprofit organization), which comprise the statements of financial position as of June 30, 2018 and 2017, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Washington Global Public Charter School as of June 30, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 28, 2018 on our consideration of Washington Global Public Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Washington Global Public Charter School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Washington Global Public Charter School's internal control over financial reporting and compliance.

WASHINGTON GLOBAL PUBLIC CHARTER SCHOOL
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2018 AND 2017

NOTE A – ORGANIZATION AND NATURE OF BUSINESS

Washington Global Public Charter School (“Washington Global”), a District of Columbia not-for-profit Corporation, was incorporated on February 25, 2014, exclusively for educational purposes. Washington Global operates as a public charter school authorized by the District of Columbia Public Charter School Board. Washington Global is a community school open to all middle school students in Washington, DC that utilizes a rigorous, internationally-based academic and cultural curriculum that integrates project-based learning, service-learning, technology, and language acquisition to develop, educate and train enterprising and competitive global citizens.

Washington Global’s primary sources of support are local appropriations for Charter Schools from the District of Columbia Government, and federal entitlements and grants.

Washington Global is a tuition-free middle school open to all students in Washington, DC. Washington Global offers a robust international and research-based academic programming to develop globally competitive students who are ready for college and careers. program includes project-based learning, small learning communities, technology instruction, arts, and foreign language classes in Spanish. Washington Global strives for all of their students to be healthy and active through nutrition, physical education, and athletic programs. Washington Global also serves as a community school that promotes local engagement and service-learning for its students.

Washington Global’s cornerstone program is the International Middle Years Curriculum (“IMYC”) that is used in middle schools throughout the world. The IMYC offers interactive, stimulating, real-world, project-based learning delivered through thematic units such as resilience, entrepreneurship, and creativity. These themes are woven into the students’ English Language Arts (“ELA”), Math, Science, and Social Studies courses where they are working towards mastering the Common Core State Standards (“CCSS”). The IMYC also provides the framework for these themes to support Art, Information and Communications Technology (“ICT”), and Physical Education curricula.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Financial statement presentation follows Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic Not-for-Profit Entities. In accordance with the topic, Washington Global reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted Net Assets – Net assets not subject to donor-imposed stipulations

Temporarily Restricted Net Assets – Net assets subject to donor-imposed stipulations that may or will be met by either actions of Washington Global and/or the passage of time

Permanently Restricted Net Assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by Washington Global. Washington Global had no permanently restricted net assets during the years ended June 30, 2018 and 2017.

WASHINGTON GLOBAL PUBLIC CHARTER SCHOOL
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2018 AND 2017
(continued)

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Basis of Accounting

Washington Global’s financial statements are prepared on the accrual basis of accounting. Therefore, revenue and related assets are recognized when earned and expenses and related liabilities are recognized as the obligations are incurred.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities, and the reported amounts of revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

Accounts and Grants Receivable

Washington Global’s accounts and grants receivable consist of unsecured amounts due from public funding sources whose ability to pay are subject to appropriations. Washington Global performs ongoing credit evaluations of its funding sources and generally does not require collateral. Due to the nature of funding from the federal government and the District of Columbia, management believes that all grants receivable are collectible within one year or less; therefore, no allowance for bad debt has been recorded.

Property and Equipment

Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Washington Global capitalizes all expenditures for property and equipment over \$1,000. Depreciation is computed using the straight line method over the estimated useful lives of the assets, which ranges from two to 25 years. When assets are sold or otherwise disposed of, the asset and related accumulated depreciation and amortization are removed from the accounts, and any remaining gain or loss is included in operations. Repairs and maintenance are charged to expense when incurred.

Debt Issuance Costs

Cost incurred in the issuance of debt have been capitalized and are reported on the statement of financial position as a direct deduction from the related debt liability. Debt issuance costs are amortized as interest expense using the straight-line method over the remaining period of the debt, which approximates the effective interest method.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or the purpose of the restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Restricted contributions whose restrictions are met in the same reporting period are shown as unrestricted contributions.

WASHINGTON GLOBAL PUBLIC CHARTER SCHOOL
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2018 AND 2017
(continued)

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Grants and Per Pupil Appropriations

Grant revenues are received primarily from the District of Columbia Government. The grants are subject to audit by the grantor agencies. Such audits could result in a request for reimbursement by the agency for expenditures disallowed under the terms and conditions of the appropriate grantor. No provision for possible adjustment has been made in the accompanying financial statements because, in the opinion of management, such adjustment, if any, would not have a material effect on the financial statements.

Washington Global receives a student allocation on a per pupil basis from the District of Columbia to cover the cost of academic expenses. Per pupil appropriated revenue is recognized during the period for which the associated education services are provided. Per pupil appropriations include \$1,244,529 and \$811,788 for enhancements, such as special education, English language learners and at risk students, for the years ended June 30, 2018 and 2017, respectively.

Functional Expenses

The costs of providing Washington Global's various programs and supporting services have been summarized on a functional basis in the accompanying statements of activities. Accordingly, certain costs have been allocated among the programs, management and general, and fundraising services benefited.

NOTE C – INCOME TAXES

Washington Global is a 501(c)(3) entity exempt from federal income tax under Section 501(a) of the Internal Revenue Code. Washington Global is, however, subject to tax on business income unrelated to their exempt purpose.

Washington Global believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements or that would have an effect on its tax-exempt status. There are no unrecognized tax benefits or liabilities that need to be recorded.

Washington Global's information returns are subject to examination by the Internal Revenue Service for a period of three years from the date they were filed, except under certain circumstances. Washington Global's Form 990 returns for the years ended 2015 through 2017 are open for examination by the Internal Revenue Service, although no request has been made as of the date of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2018 AND 2017
(continued)

NOTE D – PROPERTY AND EQUIPMENT

The following is a summary of property and equipment at June 30:

	2018	2017
Leasehold improvements	\$ 5,628,193	\$ 3,200,079
Computers and office equipment	68,950	53,421
Furniture and fixtures	31,157	28,282
	5,728,300	3,281,782
Less: depreciation and amortization	439,712	219,721
	5,288,588	3,062,061
Construction in progress	-	445,266
Property and Equipment, Net	\$ 5,288,588	\$ 3,507,327

Construction in progress includes on-going renovation, construction, and building improvement projects at Washington Global as of June 30, 2017. As of June 30, 2017, construction in progress includes costs to renovate the windows of the entire building, as well as the 2nd floor for Washington Global’s use. There were no construction in progress costs as of June 30, 2018. Depreciation and amortization expense for the years ended June 30, 2018 and 2017 was \$226,485 and \$141,878, respectively.

NOTE E – LEASE COMMITMENTS

In April 2015, Washington Global entered into a lease agreement with 525 School Street Associates, LLC, to lease the property at 525 School Street, SW for a period of 25 years beginning on April 21, 2015. The annual base rent was \$206,250 for the first year and will be increased to the following; \$250,000 for year two, \$275,000 for year three and \$285,000 each lease year until the end of the initial term. Per the agreement terms, the increase or decrease in the base rent is dependent on the occupied square footage, per pupil funding allowance and student enrollment. Due to these adjustments, Washington Global records rent expense on a yearly basis, and the future minimum lease payments cannot be determined.

Rent expense for the years ended June 30, 2018 and 2017 totaled \$341,516 and \$302,245, respectively.

In June 2016, Washington Global entered into a sublease agreement with Cesar Chavez Public Charter Schools for Public Policy (“Cesar Chavez”), to sublease a portion of the property at 525 School Street, SW for a period of five years beginning on June 1, 2016. Rental income under this sublease is recognized on a straight-line basis. The lease was terminated effective June 30, 2018.

NOTE F – LONG-TERM DEBT

On November 17, 2015, Washington Global secured a loan from United Bank (Phase I) in the amount of \$2,000,000 to fund costs of planned leasehold improvements to the school property. The loan is structured for the first six months to be a construction loan, with funds advanced as construction is completed. Interest is accrued and payable monthly on the funds advanced. After six months, the loan balance is repayable in 120 monthly payments based upon a 20 year mortgage amortization. On October 20, 2017, an amendment was made to the loan making the full balance due and payable on October 22, 2022.

During the first six months, the interest rate floats monthly, at 4.00% over the prevailing 30 day LIBOR. After the first six months, the interest rate was fixed for the next five years at the then prevailing equivalent of the mid-range five year swap rate for 30 day LIBOR plus 3.50%. After sixty-six months, the interest rate will be subject to a final adjustment to the then prevailing equivalent of the mid-range swap rate plus 3.50% and fixed until loan maturity. As of June 30, 2018 and 2017, interest accrued at a rate of 4.71% per annum.

The loan is collateralized by the following:

United Bank will have a first leasehold deed on the trust of the property. The lease on the property between 525 School Street Associate, LLP and Washington Global will be subordinated to the United Bank loan, with a subordination agreement acceptable to United Bank.

Washington Global pledges and assigns its DC charter school facility allowance, receivables and proceeds of the property to United Bank. In accordance with the terms of the loan, facility allowance payments are deposited in a payment escrow account held at United Bank for loan and lease payments.

Washington Global will provide adequate insurance coverage on the property for physical damage and general liability, naming United Bank as the mortgagee and additional insured.

Washington Global will assign contracts with the general contractor and architect for the project, along with assignment of all related plans, specifications, and permits related to the project.

The DC Office of the State Superintendent of Education (“OSSE”) will provide a five year enhancement of \$500,000 to be deposited into an account with United Bank; pledged as additional collateral.

On September 27, 2016, Washington Global secured an additional loan from United Bank (Phase II) in the amount of \$1,400,000 to finance the second phase of renovations of 525 School Street, SW. For the first six months of the loan, interest accrued at a variable rate, adjusted monthly, equivalent to the 30 day LIBOR rate plus 4.00% per annum, with a floor of at least 4.00% per annum. After six months, loan balance is repayable in monthly payments based upon a 20 year mortgage amortization. The interest rate is a fixed interest rate, equivalent to the then-prevailing mid-range five year swap rate, as determined by United Bank as of the adjustment date, plus 3.50% per annum. As of June 30, 2018 and 2017, interest accrued at a rate of 5.57% per annum. On October 20, 2017, an amendment was made to the loan making the full balance due and payable on October 22, 2022.

NOTE F – LONG-TERM DEBT– continued

On September 27, 2016, Washington Global secured a loan with Building Hope in the amount of \$500,000 to finance renovations of 525 School Street, SW (“Building Hope Loan”). The loan is scheduled to mature on September 27, 2021. Interest accrues at a rate of 6.0% per annum. Interest is payable in equal monthly installments for the first six months of the loan term. Thereafter, principal and interest are payable based on a 20-year amortization schedule, with a balloon payment of \$399,942 due at maturity. The Building Hope Loan is subordinate to the United Bank Phase II loan and is guaranteed by a credit enhancement of \$100,000 from America’s Charter School Finance Corporation. The Building Hope Loan is secured by a second priority lien on its leasehold deed of trust of the property, second priority assignment of all leases and rents, second priority lien on per pupil appropriations and facility allowances, and assignment of construction and architectural contracts and plans related to the project.

On October 20, 2017, Washington Global secured an additional loan from United Bank (Phase III) in the amount of \$2,854,000 to finance the third phase of renovations of 525 School Street, SW. For the first six months of the loan, interest accrued at a variable rate, adjusted monthly, equivalent to the 30 day LIBOR rate plus 4.00% per annum, with a floor of at least 5.00% per annum. After six months, loan balance is repayable in monthly payments based upon a 15 year mortgage amortization. The interest rate is a fixed interest rate at the greater of, the equivalent to the then-prevailing mid-range three year swap rate, as determined by United Bank as of the adjustment date, plus 3.50% per annum; or 3-yr US Treasury rate plus 3.5% per annum. As of June 30, 2018, interest accrued at a rate of 6.12% per annum. The loan is scheduled to mature on October 22, 2022.

The loan agreements contain certain restrictive financial and non financial covenants. In the opinion of management, Washington Global has complied with the required covenants.

NOTE H – DISTRICT OF COLUMBIA PUBLIC CHARTER SCHOOL BOARD CONTRACT

Washington Global has been approved by the District of Columbia Public Charter School Board to operate a charter school in the District of Columbia. The contract provides for a 15 year charter unless sooner terminated in accordance with the contract, beginning July 1, 2015, the date of the contract.

NOTE I – RETIREMENT PLAN

Washington Global established a 401(k) retirement plan (the “Plan”) for eligible employees. Prior to the Plan, Washington Global offered a Simple IRA Plan to eligible employees after one year of service. The Plan allows the participants to make voluntary contributions up to the maximum amount allowable by the Internal Revenue Code. Washington Global matches the employee’s contribution up to 4% of the employee’s salary, subject to a vesting schedule. Total expenses related to the Plan for the years ended June 30, 2018 and 2017 totaled \$29,182 and \$18,519, respectively.

NOTE J – CONCENTRATIONS

Washington Global is dependent on per-pupil funding from the District of Columbia Public School System, as authorized by the District of Columbia Public Charter School Board. During the years ended June 30, 2018 and 2017, 87% and 90%, respectively, of total support was provided by per-pupil funding.

NOTE J – CONCENTRATIONS – continued

Washington Global maintains its cash in several financial institutions. The cash balances are insured by the Federal Deposit Insurance Corporation (“FDIC”) up to \$250,000. Washington Global’s cash routinely exceeds the FDIC limit. Management does not believe Washington Global is exposed to any significant credit risk on its cash and cash equivalents.

NOTE K – SUBSEQUENT EVENTS

In preparing these financial statements, Washington Global’s management has evaluated events and transactions for potential recognition or disclosure through November 28, 2018, the date the financial statements were available to be issued. There were no additional events or transactions that were discovered during the evaluation that required further recognition or disclosure.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Trustees
Washington Global Public Charter School
Washington, DC

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in the *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Washington Global Public Charter School (a nonprofit organization) ("Washington Global"), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities, functional expenses, and cash flows, for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 28, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Washington Global's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Washington Global's internal control. Accordingly, we do not express an opinion on the effectiveness of Washington Global's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Washington Global's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
