### Alternative Accountability

DC PCSB developed the **Alternative Accountability Framework (AAF)** for schools that provide programs to serve highly at-risk students, recognizing that an alternative framework is more appropriate to measure schools serving a considerably different population from that of most schools. This school will not receive a score or tier in 2016-17. When a school is initially designated to be eligible for the AAF, the school, in consultation with DC PCSB staff, designs a set of measures aligned to specific categories of quality, either traditional and/or nontraditional and unique to the school's program. These measures are subject to DC PCSB approval, are annually measured, and are publicly reported.
