Alternative Accountability

DC PCSB developed the **Alternative Accountability Framework (AAF)** for schools that provide programs to serve highly at-risk students, recognizing that an alternative framework is more appropriate to measure schools serving a considerably different population from that of most schools. This school will not receive a score or tier in 2016-17. When a school is initially designated to be eligible for the AAF, the school, in consultation with DC PCSB staff, designs a set of measures aligned to specific categories of quality, either traditional and/or nontraditional and unique to the school's program. These measures are subject to DC PCSB approval, are annually measured, and are publicly reported.

A Note from the School

The mission of St. Coletta Special Education PCS is to serve children and adults with intellectual disabilities, and to support their families. St. Coletta serves students ages 3–22 in an ungraded functional educational and life skills program. At St. Coletta, we believe in the immeasurable value of the individual human spirit and the right of each individual to live as full and independent a life as possible. We respect the dignity of all persons entrusted to our care, and our goal is to serve them in an atmosphere that encourages their talents, celebrates their successes, and builds their self-esteem.
