I. School Description

A. Mission Statement

Center City Public Charter Schools empowers our students for lifelong success by building strong character, promoting academic excellence, and generating public service throughout Washington, D.C.

<u>Vision</u>

Driven by character, excellence, and service, Center City Public Charter Schools seeks to:

- Foster a community of lifelong learners;
- Graduate students ready to go to and through college; and
- Prepare our alumni to serve and lead others in the 21st century

Core Values

Character: We teach students to demonstrate empathy, understand different perspectives and people, advocate for themselves, and make good decisions.

Excellence: Center City students become critical thinkers who value the learning process. They are able to set personal goals and value achieving them.

Service: We teach students about their role and potential impact within their community and beyond.

B. School Program

Our academic program is designed to prepare students for high school, college, and career. We commit to providing students with a diverse set of experiences that include a rigorous, socially-relevant curriculum and opportunities for service learning. Our curriculum and instructional practices are aligned to the Common Core State Standards for English Language Arts (ELA) and mathematics, the Next Generation Science Standards, and the College, Career, and Civic Life Framework (C3). We believe in providing the most comprehensive education possible while maintaining the integrity of a small school program. Students participate in the core academic programs of mathematics, science, and humanities, which integrates ELA and social studies. Each campus offers enrichment courses, such as physical education (PE), Spanish, art, music, dance, drama, or STEM, as a regular part of their schedule.

Instructional Strategies

Humanities | Grades K-2

Our Humanities curriculum includes a comprehensive English Language Arts (ELA) curriculum that is deeply rooted in two simple beliefs: first, that students need significant "time in text" and second, that a true love of reading must be at the core of each and every classroom. Driven by these beliefs, we use a curriculum that prioritizes the major shifts in instruction driven by the adaptation of the Common Core State Standards. Center City students spend significant time reading and closely analyzing complex texts as well as

identifying evidence from the texts to support strong arguments. In grades K-2, students secure foundational skills and engage in text-based discussions through the Core Knowledge Language Arts program (CKLA). CKLA also allows students to build background knowledge in history and social studies through thematic units.

Humanities | Grades 3-8

Scholars in grades 3-8 will meet the demands of the Common Core through a Humanities block, which combines social studies and ELA content in the study of the human condition. Students engage with authentic, high-interest literature and

visual arts through Wit & Wisdom, a research-based ELA curriculum that engages students in four thematic units of study. Each module includes an anchor text, a wide selection of supplemental fiction and non-fiction texts, and visual art.

The curriculum integrates writing instruction at the daily level and each unit ends in a performance task. Students have the opportunity to delve deeper into the historic content of Wit & Wisdom through the reading of complex nonfiction text in primary and secondary sources. The Humanities block incorporates the C3 framework and leads students to build the critical thinking skills necessary to develop and defend historically accurate arguments in both written and verbal formats.

Mathematics

Center City has adopted the Eureka Mathematics curriculum for grades K-8. The Eureka curriculum prioritizes the major work of each grade level, as designated by the PARCC Model Content Framework. Students spend significant time engaging in higher levels of mathematical performance – to persevere in problem solving, to reason using various mathematical strategies, and to reflect on mistakes, processes and solutions. Each unit includes opportunities for students to develop procedural skills and fluency while building a solid, conceptual understanding of foundational mathematics content. With a deep conceptual understanding of the content and daily opportunities to apply the Common Core Standards for Mathematical Practices, students are empowered to engage in mathematical discussions and to build a level of mathematical literacy that will follow them to high school.

Science

Center City adopted the Full Option Science System (FOSS) curriculum for grades 5-8. FOSS is a hand-on curriculum that allows students to learn science through critical thinking and active investigation. FOSS is aligned to the Next Generation Science Standards (NGSS) and integrates Earth, Life, and Physical Science in all grade levels while building students' capacity to learn both scientific and engineering concepts.

In grades 3-4, Center City adopted PhD Science, a Great Minds curriculum that aligns with our Humanities curriculum and with the NGSS. Students investigate scientific phenomena through hands-on exploration, small group collaboration, and nonfiction texts. In grades K-2, we have designed a science curriculum that is aligned with the Next Generation Science Standards and embodies the dual nature of science: a body of deep content knowledge and the processes and practices used to add to that body of knowledge. Scholars learn early about the scientific process and are asked to apply this process of disciplined inquiry and experimentation to a science project of their choosing.

The Arts

Arts offerings vary across the Center City campuses. As such, students may have the opportunity to engage in visual arts, music, dance, drama, Spanish, or STEM enrichment offerings multiple times a week. There are multiple opportunities throughout the school year where students are able to participate in school and district level performances where they display their talent or work.

Physical and Health Education

Students will have at least one period of physical education (PE) per week. At certain grade levels, health is also a part of the PE curriculum. Our PE program includes basic calisthenics and aerobics, as well as team and individual sports. We

emphasize the importance of exercise, fitness, and healthy habits to help students develop a positive body image. We build teamwork and good sportsmanship and stress this in the context of several core values, including collaboration, compassion, cooperation, discipline, and respect.

Student Support Services

At Center City Public Charter Schools, we ensure a Free Appropriate Public Education to all students. Our programming is inclusive of services for English Language Learners, students with disabilities, and response to intervention services for students struggling academically.

Special Education

Special education is defined as a specially designed set of services in combination with best practices and methodologies to meet students' needs related to their disability. Our special education program educates students, to the extent possible, using inclusive, co-teaching models, ensuring all students are integrated into the general education setting. Student needs are met through varying levels of services as indicated on their Individualized Education Plan. Services may include: specialized instruction in reading, written expression, and mathematics; adaptive physical education; support for vision, hearing, or orientation/mobility; related services in speech/language therapy, occupational therapy, counseling, behavior support, and/or physical therapy.

English as a Second Language Program

The English as a Second Language (ESL) Program supports the development of proficiency in the language domains of listening, speaking, reading and writing for students whose

dominant language is not English. In the 2017-18 school year, 229 students were found eligible for the English as a Second Language Program. At Center City, we focus on ensuring that all students receive instruction tailored to their individual needs. Inclusion teachers work hand-in-hand with general education teachers to adapt grade-level curriculum and incorporate language scaffolds to differentiate instruction and provide individualized support to students. Additionally, Center City offers a variety of supplemental programs for English Learner students and their families. Since 2012, Center City has offered an after-school language development program called ESL After the Bell.

Interventions

At Center City PCS we have a myriad of interventions that are infused into the core content blocks for our K-5 students. Our middle school students have a dedicated intervention/conferencing block in which we've allocated 45-60 minutes per day toward academic interventions. For the 2017-18 school year, all six of our campuses had an onsite interventionist who led the intervention program and supported students requiring additional academic intervention. All of our schools have access to Ten Marks, Lexia, Wilson, Fundations, Just Words, and LLI. Each campus assesses the needs of their students by analyzing MAP, DIBELS/TRC, AIMs Web progress monitoring data, as well as work samples and curriculum-based measures. Students are provided with additional intervention resources as needed such as IXL, ST MATH, Mastery Connect, Exact Path, and Curriculet.

<u>Enrichment</u>

Center City believes in nurturing the whole child. Therefore students at Center City have access to a wide variety of enrichment opportunities both during and after the school day, including music, chorus, visual arts, dance, and drama. The Enrichment Department integrates the development of communication, body awareness, teamwork, and creativity into enrichment programming to develop students' lifelong skills. In addition to classroom instruction, students have various opportunities to demonstrate their mastery of arts content through campus and district-based performances and showcases of talent.

Parent Involvement

At Center City PCS, we believe that families are integral to student success and that effective family engagement will increase parent satisfaction as well as support the culture of the school community. The foundation of student success is relationship building.

Campuses use whole-class or individual goal setting quarterly parent data meetings to discuss academic progress and conduct relationship building home/community visits to increase home-school communication. At in-school workshops, teachers facilitate modeling strategies to address critical skills needed for mastery within a 45-60 day period of time. These skills are often related to reading and mathematical fluency, math computation, and problem solving. Center City uses these strategies to ensure that parents understand grade-level expectations and that the events are well attended and

effectual, benefitting both the parents and the students while slowly facilitating the process by which students and families become partners in student progress.

The campus-level leadership teams, which include the principal, the assistant principal, a school counselor and family engagement lead teacher, work with classroom teachers to provide full support and encouragement to the parents in becoming involved in their child's academic progress and in attending all important events. Families are also encouraged to provide their suggestions and support to the school, its operations and Center City PCS as a whole through an annual family survey and district and campus focus groups. Parents are further engaged through district-wide academic events for their children, back-to-school nights, inclusive morning meetings and assemblies, as well as, parent data meetings where parents are taught how to interpret their child's academic and behavioral data and how to best support their child's learning.Each campus hosts unique events that are specific to the campus communities that they serve. Center City PCS is in constant communication with parents through campus notifications and newsletters. Center City's Director of Student and Family Engagement leads multiple partnerships that support family engagement and ensures consistent implementation across the LEA.

COVID-19 Response

<u>Instructional Delivery During Virtual Learning</u> Center City will be providing 100% virtual instruction through Quarter 2 (January 27, 2021).

Students in K-8 will receive synchronous instruction via Zoom, and asynchronous assignments will be posted daily in Google Classrooms, where teachers will also be monitoring for work completion.

In PreK3 and PreK4, students will receive synchronous instruction via Zoom daily and will receive asynchronous work via the Seesaw platform.

During asynchronous learning, students will also have access to a variety of online learning platforms, including Great Minds' InSync Platform for Eureka Math and Wit & Wisdom, Edmentum Exact Path for grades 3-8, Edmentum Reading Eggs in K-2, Newsela, IXL Math, and Learning A to Z.

All students will be equipped with appropriate devices to complete virtual learning. In PreK, students will receive iPads. In grades K-1, students will receive Lenovo tablets with a detachable keyboard. In grades 2-8, all students will receive Chromebooks. Additionally, students will receive all workbooks and texts needed to complete curriculum-related work. This includes workbooks for Eureka Math in K-8, readers, text sets, and workbooks for CKLA in K-2, and text sets for Wit & Wisdom in grades 3-8.

II. School Performance

A. Performance and Progress

<u>1. Progress in Achieving the Mission</u>

Center City Public Charter Schools' mission is to empower our students for lifelong success by building strong character, promoting academic excellence, and generating public service throughout Washington, D.C. We continue to make significant progress in achieving the mission by implementing a rigorous academic program, engaging in character education, and ensuring that all campuses participate in community service projects. In addition, we ensure that students are exposed to career options through career awareness activities and we provide them with guidance through the high school application process.

2. School Improvement Plan Progress

Reflection on the efficacy of the evidence-based interventions identified in the SIP: Students participated in evidenced-based interventions in both reading/ELA and math. For reading and math, formative and curriculum-based assessment data was used to determine what interventions each student would receive and determine goals for each student. Teachers also used standards-based checklists for math. Biweekly data meetings were held to review data and determine what intervention activities were utilized for each student. Reading intervention programs used were Wilson, Fundations and Wordly Wise. Math intervention programs that were used were Edmentum, Zearn, and XtraMath. Interventionists also used dashboards to track meeting notes, action steps, and data reviewed.

Summary of the progress achieving the short-term goals articulated in the SIP:

After the 2017-18 school year, our Trinidad campus was identified as requiring targeted support based on the performance of the Black/African American subgroup in the elementary framework. We significantly improved our student group score for this subgroup from 17-18 (13.97%) to 18-19 (39.92%) and met several of our goals. We increased our in-seat attendance rate for this subgroup from 92.34% (17-18) to 93.03% (19-20). Our re-enrollment rate also increased significantly from 61.90% (17-18) to 81.80% (19-20) for the elementary Black/African American subgroup. And lastly, our growth-to-proficiency rates significantly improved from the 17-18 to the 18-19 school year in both ELA (48.17% to 59.64%) and math (19.2% to 42.0%) on the PARCC assessments.

3. Progress in Achieving Goals and Achievement Expectations

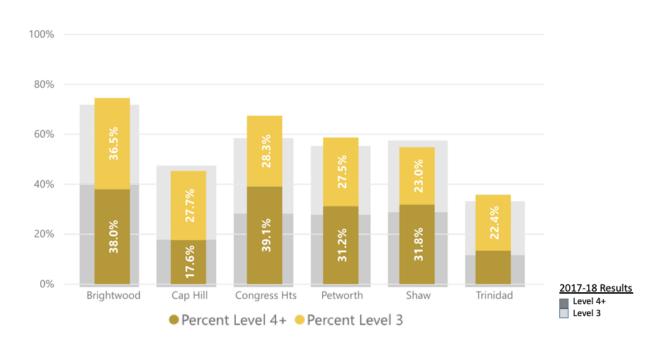

Because of COVID-19 school closures, students did not participate in Spring 2020 PARCC testing. The following graphs are the most recent available performance scores that provide an overview of Center City campuses' performance on the PARCC in English/Language Arts (ELA) and mathematics.

	ELA 1-yr Chg	ELA 4-yr Chg	Math 1-yr Chg	Math 4-yr Chg
All CCPCS	3.9%	15.1%	1.7%	9.7%
Charter	2.7%	9.3%	0.2%	4.8%
DCPS	4.9%	15.0%	1.9%	11.5%
DC	3.8%	12.3%	1.1%	8.4%

B. Unique Accomplishments

Center City Congress Heights was recognized again as a Bold Improvement School by EmpowerK12. Bold Improvement Schools are classified as "on track to meet or exceed the test scores of the nation's more affluent students within the next five years."

Center City Congress Heights was also recognized as a Bold Performance School which is defined as a school that "serves a high at-risk student population and has combined math and English language arts proficiency rates dramatically higher than schools with similar demographics."

Center City PCS Congress Heights and Brightwood campuses were both named 5 Star schools on the DC Report Card as commissioned by the DC Office of the State Superintendent.

C. List of Donors

<u>A note on SY 2019-20</u>: The COVID-19 pandemic caused DC public and public charter schools to transition to remote learning after **March 13, 2020**. Schools were not required to report daily attendance or discipline events during this initial period of remote learning. Therefore, it is important to note that the data for SY 2019-20 effectively end on March 13, 2020.

- Notes:
 The provided in-seat attendance rates align to the in-seat attendance rates through March 13, 2020 available in OSSE's SY19-20 Authoritative Attendance Qlik application as of August 2020. However, the validated rates that schools will confirm with OSSE during Metric Calculation Confirmation this fall may
 - vary slightly.
 Unvalidated MYW and MYE rates are provided based on examining student movement between 10/6 and 3/13 in SY 2019-20, attempting to mimic the DC School Report Card business rules as closely as possible. However, the validated student mobility rates that schools will confirm with OSSE during Metric Calculation Confirmation this fall may vary slightly.

<u>A note on SY 2019-20</u>: The COVID-19 pandemic caused DC public and public charter schools to transition to remote learning after **March 13, 2020**. Schools were not required to report daily attendance or discipline events during this initial period of remote learning. Therefore, it is important to note that the data for SY 2019-20 effectively end on March 13, 2020.
