- 5 Board members' Board paperwork is missing

II. Updates

A. HOS Report

- We continue to have issues securing a full-time nurse from Children's.
- City mandate that all school employees must be vaccinated by November 1st, and if you are a student that is eligible to be vaccinated and you want to participate in extracurriculars, you must be vaccinated
  - Latin only has 4 student athletes who are eligible to be vaccinated who are not.
- Enrollment issue has been resolved - all students are now recognized.
- City has now enacted emergency legislation that we will continue to update how it impacts the school. Legislation could force schools to create option for distance learning.
- A number of recent excellent parent events: Cocktail Concert, Parent/Faculty Social
- Question about class sizes: we had a few larger classes than normal because of space issues - we are maxed out on space and we have had a few personnel issues
- Question about personnel issue: difficulty in hiring substitutes across the sector, including in DCPS

B. Celebrations & Challenges

Celebrations

- Although we still have a couple of vacancies, we are in a pretty good spot.
- Almost all of the late hiring we did was successful.
Even substitute hiring has been mostly successful - the Latin B AP in Residence is working on the hiring process this year.

New leadership team is doing great work right away - particularly Bill Clausen, the Assistant Principal, and Janelle Bradley, the new Director of the Middle School.

All extracurricular programs are back!

Challenges

- Space - record enrollment means that all rooms are full throughout the day
- Exhaustion - people are tired! It's October but now we have several things coming up to combat it - a Wellness Day on October 20th

Question about how remote learning has gone for students who have had to quarantine:

- There is not a robust remote learning plan in place right now because we are fully back
- Students do their work asynchronously and meet with students via Zoom individually

Question about what the Board can do to support teachers, such as bagels as in the past

Question about not using outdoors for lunch in the winter months - certainly a concern. We have pushed all of our lunches outside, so we will have to adjust when it gets colder.

III. Board Committees

A. Finance

- Many expenditures at the beginning of the year as normal
- Enrollment is higher than anticipated, in one grade in particular
- Certification of enrollment numbers will happen later this month, 15 students more than we budgeted
- Audit is due to be filed December 1st
  - KM has been in touch with the auditor
  - Everything is on track for the audit

B. Development

- Optimistic about getting to $2-4M by the end of the year
- Particularly hopeful about foundations
- Creation of concilium so if you know young professionals who may be interested in philanthropy, could invite them to be a part of it
- Sweet 16 Gala - more information to come
- Latin A development - keeping it relatively flat - ballpark $785,000 to be raised this year
- Latin B campaign task force meeting on October 21st
- Question about how Latin A/Latin B development will work in the future
  - Latin A PFA president has offered a collaborative effort at least for the first few years
  - Need to differentiate school specific vs. LEA fundraising

C.
Academics

- Shared academic goals for the year
- Set goals based on previous PARCC date from 2018
- Equitable access preference summary - PTA and CG made recommendation to academic committee
  - sought input from a variety of stakeholder groups (parents, students, faculty)
  - actual decision of number of designated seats does not need to be submitted to MySchoolDC until March

A. Dashboard

- Discussion of what information does it make sense for the Board to see regarding growth every month moving forward as we plan to open second campus

- Reviewed questions across Stakeholder Engagement, Development, Communications, Facilities, Finance, Governance to make sure that they are correct questions for the Board to be asking and for the school to
- Work with Transcend Education to codify what makes Latin what it is, so that it can be transmitted to Latin B as well
