* We were compliant in all areas except three including Board meeting minutes submission on time, so encouragement to submit email approval of Board meeting minutes
* We have had 29 contracts, 7 bids were submitted, and we have been compliant with contracts
• Middle School attendance: 96%
• Upper School attendance: 94.7%
• Students with a suspension: 2.4% (higher than sector average but lower than high school averages in the city)
• Out of School Suspension Data: we do see disproportionality within our data with at-risk students and special education students.
• 14.5% of at-risk upper school students have been suspended at least one time
• Although we have seen improvement in these numbers since the 2019-2020 school year, we do still see disproportionate numbers of at-risk students suspended
• We are continuing to address this and do not take it lightly.
• We are working on filling a vacancy for the Assistant Principal for Student Life role.
