Whistleblower Policy

Washington Leadership Academy is committed to operating in furtherance of its tax-exempt purposes and in compliance with all applicable laws, rules and regulations, including those concerning accounting and auditing, and prohibits fraudulent practices by any of its board members, officers, employees, or volunteers. This policy outlines a procedure where you may report an action that you reasonably believe violates a law, or regulation or that constitutes fraudulent accounting or other practices. This policy applies to any matter related to Washington Leadership Academy's business operations and does not relate to private acts of an individual not connected to the business of Washington Leadership Academy.

If you have a reasonable belief that an employee of Washington Leadership Academy has engaged in any action that violates any applicable law or regulation, including those concerning accounting and auditing, or constitutes a fraudulent practice, you are expected to immediately report such information to your immediate supervisor. If circumstances prevent you from reporting the information to your supervisor, you are expected to immediately report such information to the Executive Director. If circumstances prevent you from reporting the information to the Executive Director, you are expected to report the information to the Board Chair.

All reports will be followed up promptly, and an investigation will be conducted. In conducting investigations, Washington Leadership Academy will strive to keep your identity confidential while conducting an adequate review and investigation.

Policies Related to Equal Employment Opportunity, Discrimination, and Harassment

Scope of Policies

These policies prohibiting harassment, whether sexual or of another nature, are not limited to relationships between and among employees and prospective employees; these policies also extend to interactions with parents (and other family members), clients, vendors, contractors, and others. No employee shall ever subject anyone to sexual harassment of any nature, including that conduct described above. Furthermore, no employee will be required to suffer sexual harassment by any Washington Leadership Academy employee or contractor. Any unwelcome sexual overtures or other forms of sexual harassment should be reported immediately to the immediate supervisor and the Executive Director or the Board of Trustees.

Equal Employment Opportunity

Washington Leadership Academy is committed to equal employment opportunity. We do not discriminate based upon any of the following: race, color, ethnicity, religion, national origin, sex (including pregnancy, childbirth, related medical conditions, or breastfeeding), age, marital status, personal appearance, sexual orientation or preference, gender identity or expression, family responsibilities, genetic information, disability, matriculation, political affiliation, military and/or veteran status or any other classification protected by applicable local, state, or federal law. This policy governs all aspects of employment at Washington Leadership Academy including but not limited to, hiring, assignments, training, promotions, compensation, employee benefits, employee discipline, discharges and all other terms and conditions of employment. Washington Leadership Academy strictly prohibits any form of discrimination prohibited by law.

Discrimination and Other Unlawful Harassment

It is Washington Leadership Academy's goal that you feel safe and welcome at work. Discrimination against employees and applicants for employment on the basis of race, color, ethnicity, religion, national origin, sex (including pregnancy, childbirth, related medical conditions or breastfeeding), age, marital status, personal appearance, sexual orientation or preference, gender identity or expression, family responsibilities, genetic information, disability, matriculation, political affiliation, or military or veteran status (or any other classification defined and protected by applicable law) is unacceptable and will not be tolerated at Washington Leadership Academy.

Similarly, harassment of individuals on any of these bases is strictly prohibited. Harassment includes, but is not limited to, jokes, verbal abuse and epithets, degrading comments, the display of offensive objects

and pictures, and other conduct that the individual might reasonably find to be offensive. Any employee who fails to comply with Washington Leadership Academy's non-discrimination and unlawful harassment policy will be subject to disciplinary action up to and including termination.

Sexual Harassment

Sexual harassment is defined generally as including unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature whenever: (1) submission to the conduct is either an explicit or implicit term or condition of employment; (2) an employee's reaction to the conduct is used as a basis for employment decisions affecting that employee; or (3) the conduct has the purpose or effect of interfering with the employee's work performance or creating an intimidating, hostile, or offensive working environment.

Sexual harassment does not refer to occasional compliments of a socially acceptable nature or consensual personal and social relationships without a discriminatory employment effect. It refers to behavior that a reasonable person would find unwelcome and that is personally intimidating, hostile, or offensive.

As with Washington Leadership Academy's rules on discrimination, it is Washington Leadership Academy's goal that you feel safe and welcome at work. No employee or applicant should be subjected to unsolicited and unwelcome sexual overtures, nor should any employee or applicant for employment be led to believe that an employment opportunity or benefit will, in any way, depend upon cooperation of a sexual nature.

Sexual harassment is not limited to demands for sexual favors. It also may include such actions including, but not limited to: (1) sexually-oriented verbal kidding, teasing, or joking; (2) repeated offensive sexual flirtations, advances, or propositions; (3) continued or repeated verbal abuse of a sexual nature; (4) graphic or degrading comments about an individual or his or her appearance; (5) the display of sexually suggestive objects or pictures; (6) subtle pressure for sexual activity; and (7) inappropriate physical contact.

Discrimination and Harassment Complaint Procedure

Reporting: Washington Leadership Academy strongly encourages reporting of all incidents of discrimination or sexual or other unlawful harassment, regardless of the identity of the offender. Other forms of harassment or discrimination include unsolicited and unwelcome contact or behavior directed at an employee's race, color, religion, disability, age, national origin, marital status or any other legally protected characteristic. If you feel that you are or have been the victim of discrimination or sexual or other unlawful harassment in violation of our policy, you should immediately notify the immediate supervisor and the Executive Director or the Board of Trustees.

Your complaint does not need to be in writing for us to begin our investigation, but the person to whom you make your complaint may ask you to describe the incident in writing.

Investigating: Washington Leadership Academy will fully investigate all discrimination and harassment complaints. In our investigation, we will seek to treat the matter as confidentially as possible, but we cannot promise complete confidentiality. The investigation may include individual interviews with the

parties involved and, where necessary, with witnesses or others with relevant knowledge. Every report of harassment or discrimination will be investigated promptly and thoroughly. We will advise the reporting employee of the results of the investigation.

Responsive Action: Any employee or agent of Washington Leadership Academy who has been found to have violated this policy shall be subject to appropriate disciplinary action, up to and including discharge.

No Retaliation: If you report discrimination or harassment or you participate in investigations under this policy, you should not experience any kind of retaliation or reprisal for such participation. If you feel that you have suffered retaliation for reporting harassment or discrimination or for participating in an investigation, please file a complaint using the procedures described above.

Preventing and Addressing Sexual Abuse by Staff

Sexual Abuse and Harassment Prohibited

Sexual abuse, contact, misconduct, harassment and sexually suggestive conduct by staff of any kind are strictly prohibited. This policy applies to all school staff and students enrolled in Washington Leadership Academy, regardless of sexual orientation or gender identity. All employees, contractors, and agents of the school must adhere to this policy. The policy applies to all actions that occur between school staff and students. The school takes seriously all allegations of such acts. When the school knows or reasonably should know that such an act has occurred, the school will take immediate action and follow the procedures outlined in this policy. The school will act upon any knowledge of abuse, regardless of whether the student who was abused has filed a complaint or has otherwise notified the school.

This policy does not replace Washington Leadership Academy human resources policies for investigating and taking personnel action for misconduct.

Mandatory Reporting

Suspicions or allegations of such acts will also result in a referral to CFSA and/or MPD in accordance with mandatory reporting requirements. School staff should always contact the CFSA hotline at (202) 671-SAFE or MPD at 911 if they are uncertain about whether a mandatory report is required.

Informing the School Community About the Policy

Pursuant to Washington Leadership Academy’s Parent Information and Training Policy, Washington Leadership Academy provides training and information for parents regarding sexual misconduct, student sexual abuse, and child abuse at least annually. This policy will also be published in the student/family handbook and made available in the following locations: on the school’s website, in the main office, in the school health suite, in the office of the school counselor and school social worker, and in the office of the Title IX Coordinator. See Parent Information and Training Policy for further details.

Students will also be informed about this policy in a developmentally appropriate manner.

Pursuant to Washington Leadership Academy’s Staff Training Policy, Washington Leadership Academy provides staff training at the time of hiring and at least every two years thereafter on sexual misconduct, student sexual abuse, and child abuse, in addition to mandated reporter training. This policy will be included in the staff handbook. See Staff Training Policy for further details.

Interactions between School Staff and Students

Any sexual activity between school staff, contractors, volunteers, and agents of the school and any student below the age of 20 enrolled in the school is considered unwelcome and non-consensual and is strictly prohibited.

When meeting or communicating with a student one-on-one, school staff shall follow the following guidelines:

- To the maximum extent possible, meet in a public place where both the staff member and the student are in full view of others.
- Avoid physical contact that can be misinterpreted.
- If meeting in a room or office, leave the door open or move to an area that can be clearly observed by others if passing by. If the door must be closed due to a confidential setting (e.g., a mental health counseling session), then ensure that the window is not blocked so that anyone walking by can view into the room.
- Document and immediately report any unusual incidents, including disclosures of abuse or maltreatment, behavior problems and how they were handled, injuries, or any interactions that might be misinterpreted.
- Always email students from school-issued email addresses. When sending or replying to emails and text messages from students, copy a supervisor and/or the students’ parent/guardian. Document and immediately report any communication from a student that is inappropriate or may be misinterpreted.

The following are examples of contact between school staff and students that are inappropriate. While these lists are not exhaustive, they serve as a guide for conduct. Ultimately, each situation will be considered on a case-by-case basis.

Addressing Student Sexual Abuse by School Staff

A. Reporting

1. Student, Parent, and Guardian Reporting

Students, parents, guardians, and other individuals are encouraged to file complaints as soon as possible after the alleged act. A complaint may be filed at any time. Complaints, including anonymous complaints, may occur through any form of communication, including in writing, via telephone, or via in-person conversation. Any staff member that receives such a complaint will immediately follow mandated reporter requirements to alert MPD by calling 911 and notify the Title IX Coordinator and Head of School unless the Title IX Coordinator and/or Head of School is the subject of the allegations. In that instance, school staff will promptly alert the [designate alternative administrator].

Complaints may also be filed directly with the Title IX Coordinator *Chrissy Smith (csmith@wlapcs.org)*.

Reporting students, parents, guardians, or other individuals may choose to simultaneously alert MPD, CFSA or other agencies. Even if an outside agency is investigating, the school will continue its own investigation because the school is required to conduct its own investigation even if an outside agency is investigating. The school will not delay their investigation while the outside agency investigation occurs. In an effort not to compromise the integrity of the law enforcement and child protective services investigation, the timing and manner of the school's investigation will be coordinated with those entities.

If a victim decides against filing a formal complaint, the school must still investigate and take appropriate steps to resolve the situation and ensure the safety of all students. Furthermore, the school will investigate any incidents of misconduct involving direct observation by school staff, regardless of whether a complaint is filed or action is requested by the victim.

In cases of discrimination, a student may also choose to file a complaint with the US Department of Education Office for Civil Rights (OCR) or the District of Columbia Office of Human Rights (OHR).

2. Mandated Reporting

All school staff have the duty to report complaints, concerns or observations of inappropriate contact between staff and students to appropriate school officials. Additionally, all mandated reporters are required to report any information of neglect and abuse of a child to MPD by calling 911 or to CFSA by calling (202) 671-SAFE. For more information on mandated reporter requirements, consult CFSA's [Mandated Reporter Training](#). CFSA should only be contacted if the alleged perpetrator of the abuse is the student's parent, guardian, or custodian. In all other cases, the school staff member must file the report with MPD by calling 911.

The report will include as much of the following information as possible:

- The name, address, age, and gender of the student;
- The staff member allegedly perpetrating the sexual misconduct against the student;
- The nature and extent of the sexual misconduct, as the individual knows it – and any previous sexual misconduct that the individual may know about; and
- Any additional information that may be helpful.

A referral to MPD/CFSA must be made regardless of whether the report is substantiated. It is not the responsibility of the mandated reporter to prove that the student has been a victim of sexual misconduct or to determine whether the student is in need of protection. Criminal/child abuse and neglect investigations are the responsibility of CFSA and MPD.

Interviews with the student or suspected abuser may not be conducted by school personnel before a referral to MPD/CFSA is made. Notes of voluntary or spontaneous statements by the student must be made and given to the investigating agency. Interviews conducted for the purposes of determining criminal conduct or determining child abuse by anyone other than the investigating agency (MPD or CFSA) could jeopardize proper handling of a child abuse or neglect case. The school will not conduct any interviews before consulting with CFSA/MPD to ensure that nothing is done by the school to jeopardize their investigations. The school is permitted to conduct its own investigation, which may include interviews, subsequent to referral to and consultation with MPD/CFSA.

School staff will cooperate with CFSA and MPD personnel authorized to investigate reports of sexual misconduct, to the extent permitted by law. The school will also provide access to the school for sexual assault victim advocates or sexual assault youth victim advocates, as appropriate.

The school will limit communication about the investigation to only those individuals who are required to know.

Any person making reports in good faith in an investigation of sexual misconduct between school staff and students is immune from any civil or criminal liability that otherwise might arise from those actions.

3. Confidentiality

The school shall discuss confidentiality standards and concerns with the reporting student. Every effort shall be taken to protect the confidentiality of reporting students in accordance with Title IX of the Education Amendments of 1972. Some reporting students may wish to remain anonymous. The school shall inform the reporting student that a confidentiality request may limit the school's ability to respond. If the reporting student continues to request to remain anonymous, then the school shall take all reasonable steps to investigate and respond to the complaint consistent with the reporting student's request, as long as doing so does not prevent the school from responding effectively to the complaint and preventing the action from recurring with other students.

4. Retaliation

Retaliation against any person who has filed a complaint, or has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this policy is prohibited, and therefore a party engaged in retaliatory behavior shall be subject to disciplinary action. Retaliation may include, but is not limited to, harassment, threats, taunting, spreading rumors, unauthorized disclosure of the details of an investigation, ostracism, assault, destruction of property, or any negative conduct toward participants in response to an investigation and the events causing it. Anyone found to have engaged in retaliation will be subject to disciplinary or criminal action. Participants in an investigation, including victims, respondents, and witnesses, should report to the Title IX Coordinator any conduct that might reasonably constitute retaliation. If the Title IX Coordinator is the source of the retaliation, then the person alleging retaliation should contact the head of school or the designated alternative reporting person.

B. Responding to Allegations of Student Sexual Abuse by School Staff

The school shall adhere to the following procedures when responding to allegations of student sexual abuse by school staff.

1. Immediate Steps

After a report has been filed with CFSA or MPD and the Title IX Coordinator, then the school will immediately begin the following protocol.

- A. *Acknowledgement of Receipt of Complaint:*** As soon as possible and within three business days of receipt of the complaint, the Title IX Coordinator will acknowledge in writing receipt of the complaint and inform the reporting student, parent, guardian, or staff member of the steps of the investigatory process.
- B. *Interim Measures to Protect the Safety of the Student Experiencing Alleged Student Sexual Abuse:*** Upon becoming aware of any allegation of student sexual abuse, the school will take immediate actions to interrupt or stop the occurrence, prevent its recurrence, and address its effects. These actions will occur regardless of whether the incident is the subject of criminal investigation. Responsive measures will be designed to minimize, as much as possible, the burden on the reporting student. In order to protect, as much as possible, the confidentiality of the reporting student, responsive measures will only be shared with school staff who are actively involved in their implementation. The school will formalize the actions it is taking in a written action plan. These actions may include the following:
 - a.** Altering the reporting student’s and/or the accused staff member’s schedule to minimize or eliminate contact between them. Preference will always be given to maintaining the reporting student’s schedule and modifying the accused staff member’s schedule;
 - b.** Changing locker locations;
 - c.** Allowing the reporting student to withdraw from a class without penalty;
 - d.** Providing an escort to ensure that the reporting student feels safe throughout the school building;
 - e.** Providing academic support, such as tutoring, for the reporting student;
 - f.** Considering steps to ensure safe passage to and from school for the student;
 - g.** Providing access to the school’s behavioral health team;
 - h.** Providing referrals to community-based services; and
 - i.** Placing the staff member on administrative leave while the investigation occurs.

2. Informing the School Community

Washington Leadership Academy will work with MPD to determine when it is appropriate to notify the school community, including parents/guardians, of a complaint. Each complaint will be considered on a case-by-case basis, and the appropriate communication will then be developed. Washington Leadership Academy will take care not to compromise the investigation by releasing information. Once it is determined that a communication can be released, it may contain the following information:

1. A statement that an investigation into sexual misconduct is taking place at the school; and
2. Information about the administrative action taken by the school to ensure that the alleged offender, at a minimum, has no unsupervised contact with students.

In order to ensure the integrity of the investigation and to comply with confidentiality requirements, the school will make every effort to prevent disclosure of the name of the reporting student, the name of the accused staff member, and the name(s) of any witness(es). Publicized accusations, if ultimately found to be false, may nevertheless irreparably damage the reputation of the accused staff member.

3. Impartial Procedures for Investigating Complaints

Complaints, reports or suspicion of student sexual abuse will be investigated in an adequate, reliable and impartial manner. Each investigation will include, as necessary and appropriate, interviewing witnesses, obtaining documents and allowing the complainant, alleged victim and accused to present evidence. The complainant, alleged victim and accused will have the same opportunity to have others present on their behalf during any school disciplinary proceeding and to be accompanied to any proceeding by an advisor or advocate of their choice. This investigation may happen in coordination with any human resources investigation that takes place.

Within fifteen (15) school days of receiving a report of student sexual abuse, the [title of individual responsible for investigations] will conduct the investigation and respond to the alleged victim and accused in writing, summarizing the course and outcome of the investigation and identifying an appropriate resolution. This timeline may be extended as necessary in coordination with MPD or other outside agency investigation.

If it is determined that student sexual abuse has occurred, appropriate corrective and remedial action will be taken. Washington Leadership Academy will make determinations as to whether a reported incident constitutes student sexual abuse based on all of the facts and circumstances surrounding the incident. Washington Leadership Academy will use a preponderance of the evidence standard (i.e., more likely than not that sexual harassment, sexual assault or dating violence occurred) when resolving complaints.

Washington Leadership Academy will take steps to provide the alleged victim and accused with periodic updates on the status of the investigation. Once a determination has been made, Washington Leadership Academy will notify the alleged victim and accused [LB3] about the outcome of the investigation and the appeal process.

Disciplinary action shall be instituted and resolved immediately upon completion of the investigation, in accordance with the Washington Leadership Academy grievance procedures and staff handbook.

Appeals

Any party who is not satisfied with the outcome of the initial investigation and response from Washington Leadership Academy may appeal in writing to the Principal. Appeals must be made within 30 days of the conclusion of the initial investigation. The secondary investigation shall be completed within 30 days of receipt of an appeal, unless: (1) circumstances require additional time to complete a thorough investigation; (2) the higher-level authority sets forth those circumstances in writing; (3) the additional time is not to exceed 15 days. Upon completion of the appeal, the complainant, victim and accused will be notified in writing of the outcome of the appeal, any change to the result of the initial investigation and when such results become final.
