Note from the School

Briya PCS’ mission is to strengthen families through culturally responsive two-generation education. Families enroll in the school together: parents study English for speakers of other languages, digital literacy, and parenting while their children receive a high-quality early education in dual-language, project-based Pre-K classes. Adult students in the highest-level English class have the opportunity to earn a high school diploma. The school also offers training for Medical Assistant and Child Development Associate credentials.

^ From school year 2014-15 through school year 2017-18, adult education (AE) schools could only earn a Tier. In 2018, DC PCSB adopted a scoring model for AE schools. School year 2018-19 is the first year in which AE schools can earn both a Tier and a Score.

* General Educational Development (GED) or National External Diploma Program (NEDP).

* Results with fewer than 10 students are not displayed.

** A high-level certification is an industry-recognized career and technical education (CTE) certification that includes rigorous assessments and requirements and leads to higher wages in a high-demand field. This measure is displayed only for 2018-19.

‡ Percent of students the school successfully contacted via College and Career Readiness Surveys.
